LEARNER INTRODUCTION

Let's Know Each Other

1. Name and role
2. SME or industry context
3. Accounting-system experience
4. One outcome you want today

© 2026 Tertiary Infotech Academy Pte Ltd

LEARNING ENVIRONMENT

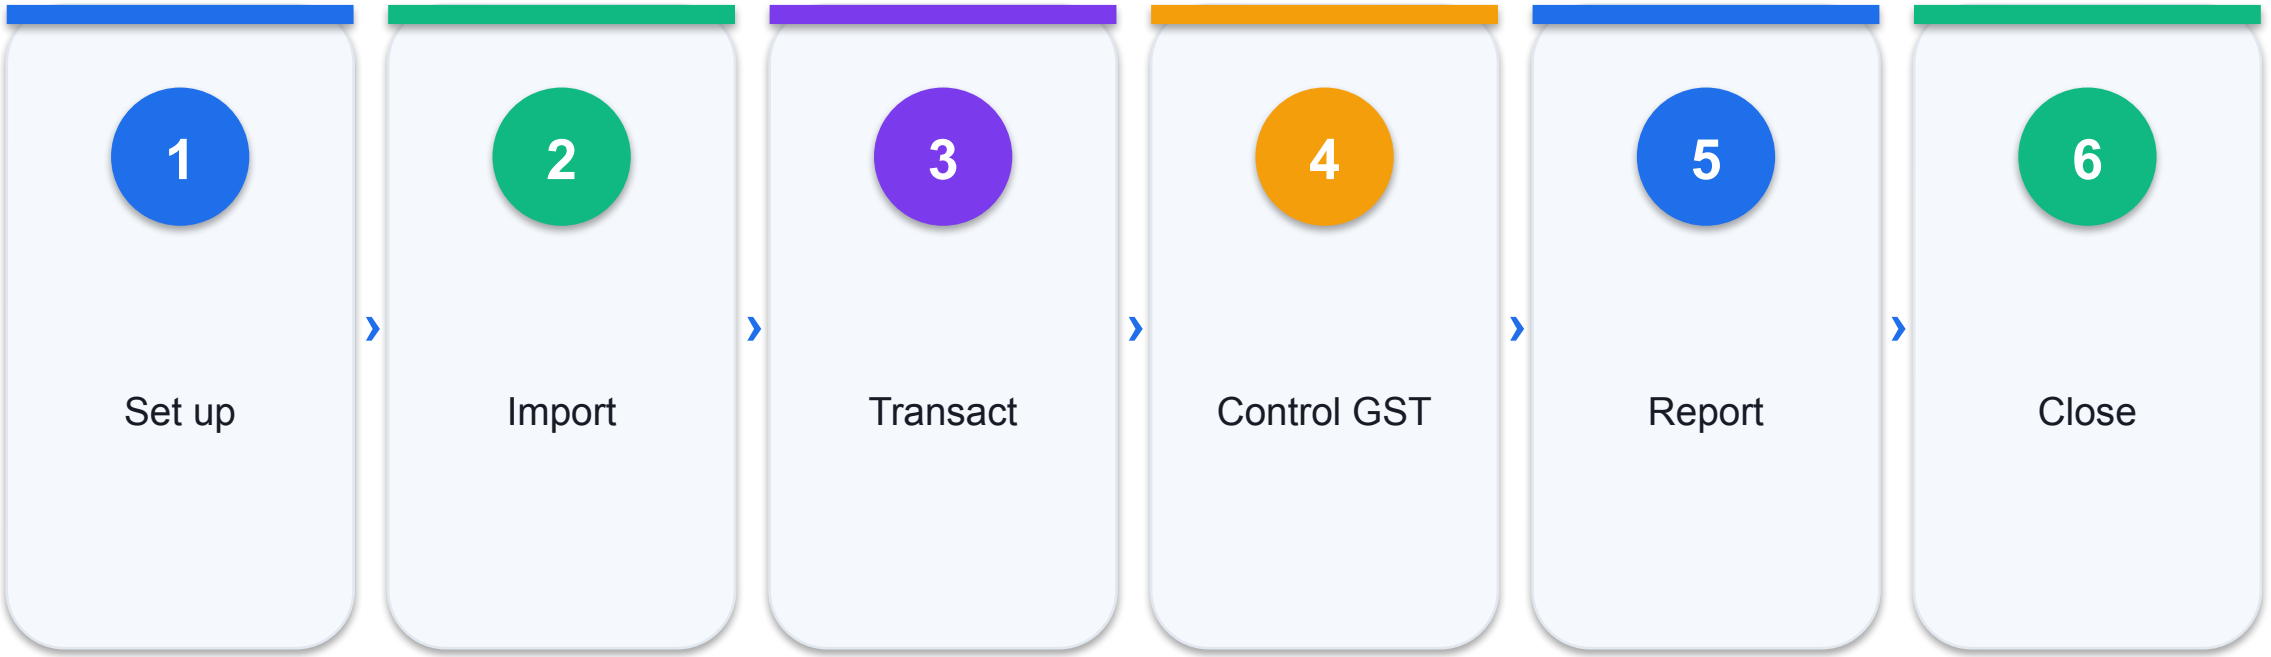

Ground Rules

1. Participate and ask questions
2. Respect different experience levels
3. Keep phones silent and data confidential
4. Return from breaks on time

© 2026 Tertiary Infotech Academy Pte Ltd

ONE CONNECTED SME SCENARIO

The Lumina Homeware Learning Journey

© 2026 Tertiary Infotech Academy Pte Ltd

FOUR ALIGNED TOPICS

Course Outline

1. Topic 1: Introduction to Xero Accounting System
2. Topic 2: Input Data to Xero
3. Topic 3: Manage Goods and Services Tax (GST)
4. Topic 4: Financial and Accounting Reports

© 2026 Tertiary Infotech Academy Pte Ltd

WHAT YOU WILL ACHIEVE

Learning Outcomes

1. LO1: Configure and import relevant data to the Xero accounting system.
2. LO2: Input and control day-to-day sales, purchasing, banking and inventory data in Xero.
3. LO3: Compute and review GST for expenses and invoices using appropriate Singapore tax rates.
4. LO4: Generate and interpret financial, accounting, ageing and GST reports for SME decisions.

© 2026 Tertiary Infotech Academy Pte Ltd

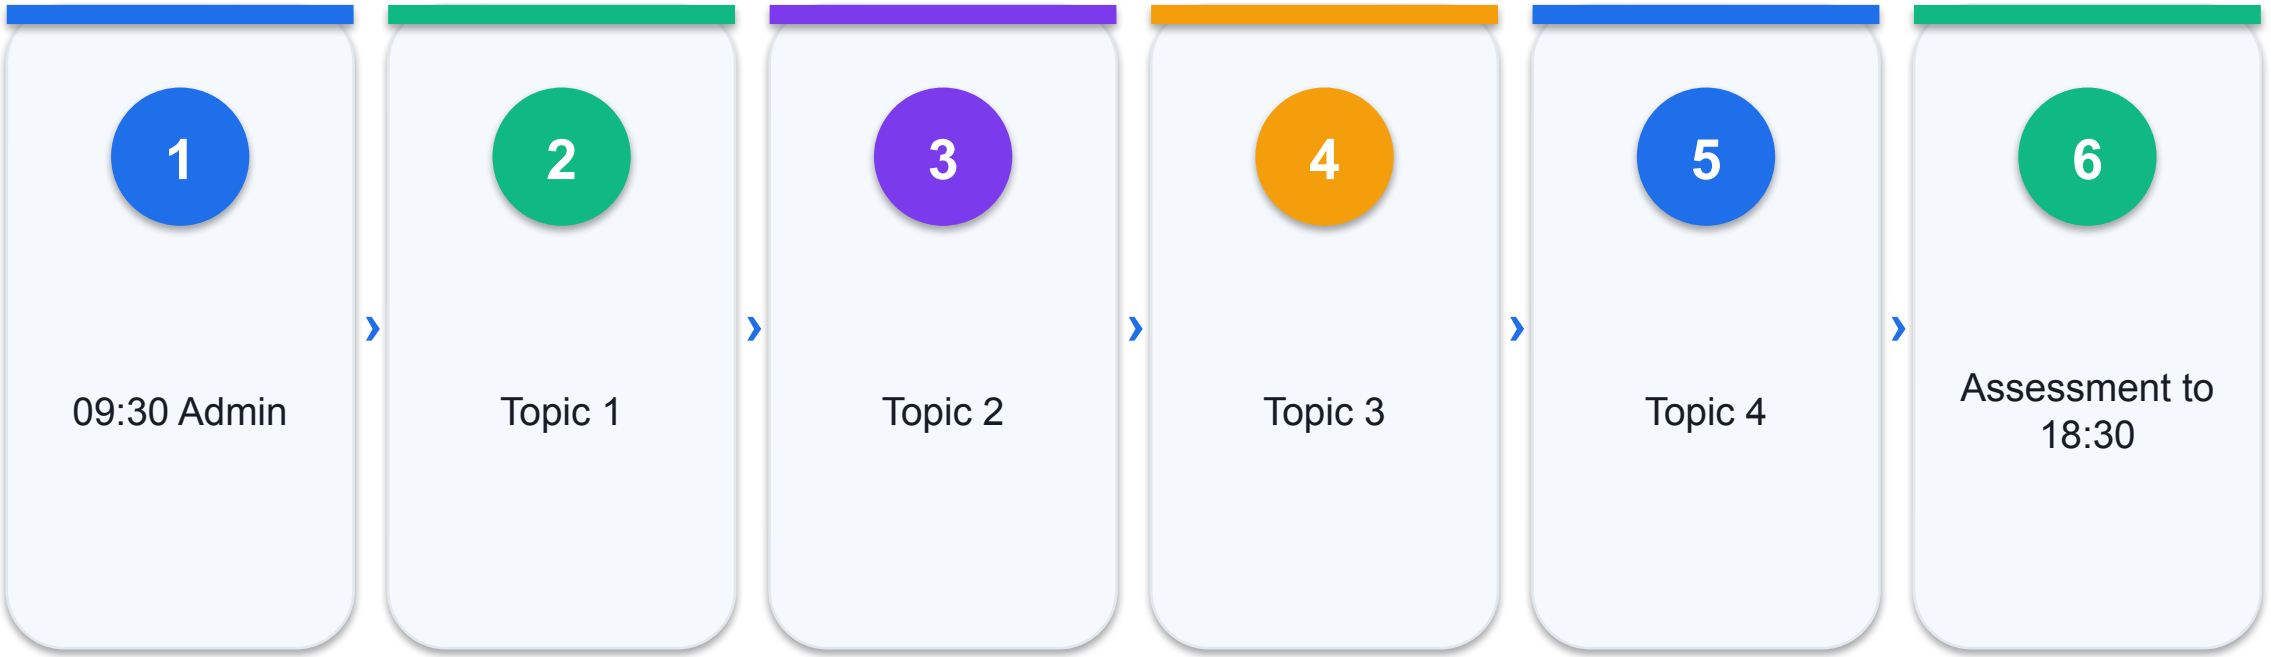

Skills Framework Alignment

1. A1: Retrieve relevant data from other systems in the organisation.
2. A2: Input data into the accounting system.
3. A3: Use the system to determine and calculate supplier and vendor GST payables and receivables.
4. A4: Use the system to generate reports on corporate tax expenditure, assets and liabilities.

© 2026 Tertiary Infotech Academy Pte Ltd

9:30 AM–6:30 PM

One-Day Lesson Plan

© 2026 Tertiary Infotech Academy Pte Ltd

BEFORE ASSESSMENT

Briefing for Assessment

1. Individual assessment; no discussion
2. Open book: course materials only
3. Phones and other materials under the table
4. Use own words; follow appeal and reassessment process

© 2026 Tertiary Infotech Academy Pte Ltd

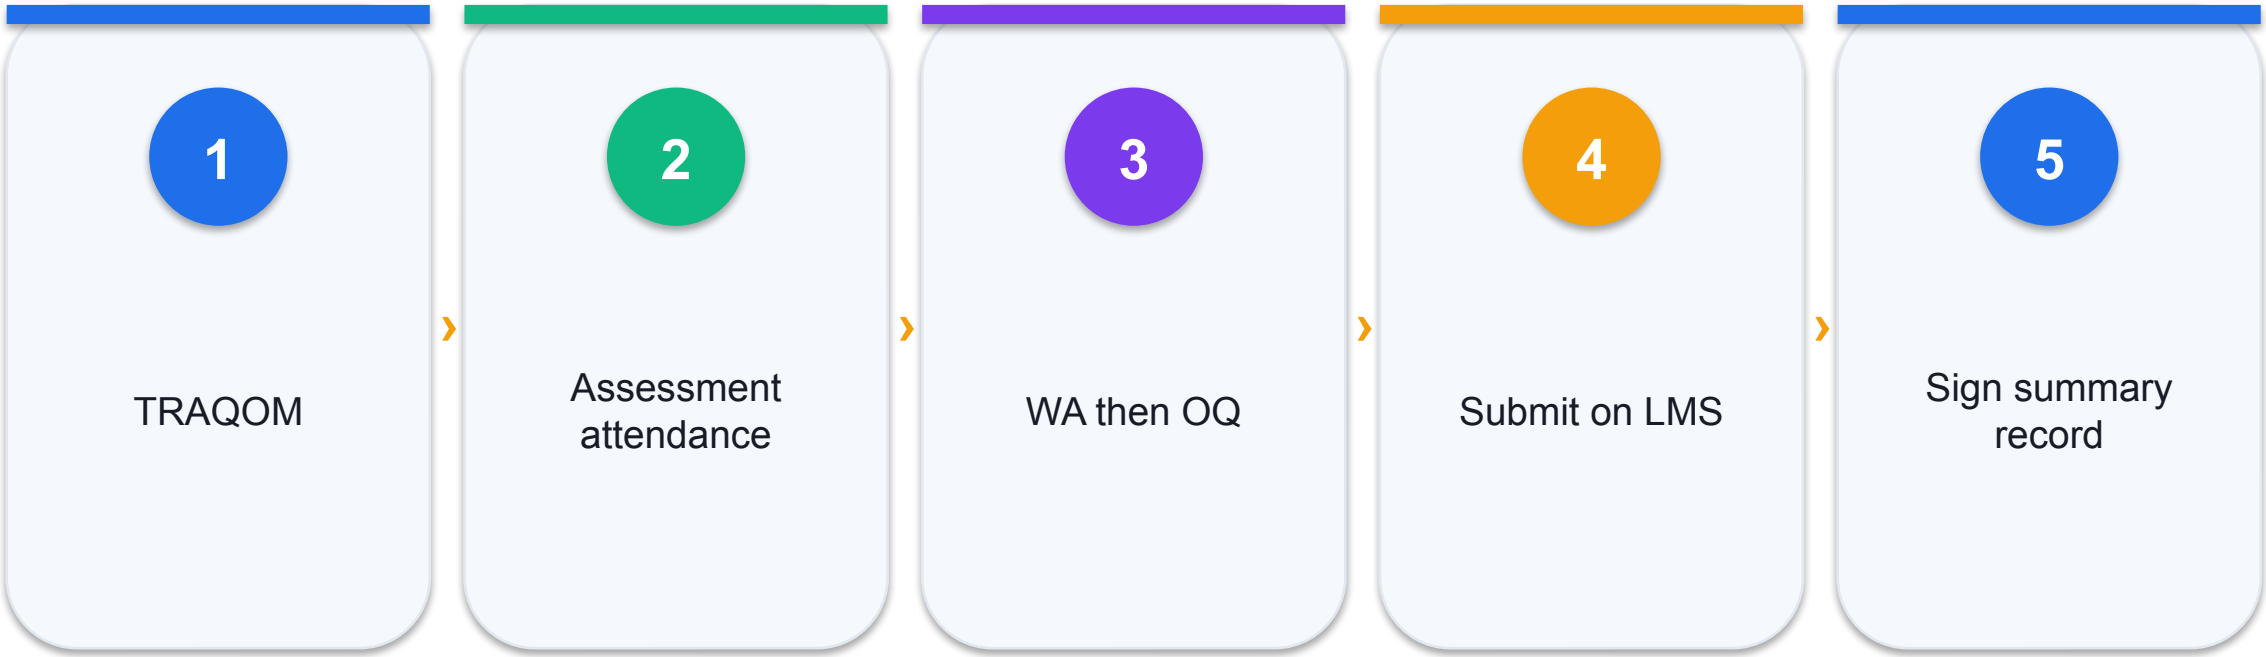

Assessment and Funding

1. WA (SAQ): 60 minutes
2. Oral Questioning: 20 minutes
3. Competent requires all criteria met
4. At least 75% attendance and assessment completion

© 2026 Tertiary Infotech Academy Pte Ltd

MANDATORY SEQUENCE

Assessment Flow

© 2026 Tertiary Infotech Academy Pte Ltd

DOWNLOAD FROM GITHUB OR LMS

Access the Course Activities

OPTION A · CLONE

git clone https://github.com/tertiarycourses/TGS-2020505315-Xero-Essentials-for-SMEs-Streamlining-Accounting-and-Tax-Operations.git

Open the course repository

OPTION B · DOWNLOAD ZIP

GitHub → Code → Download ZIP
Then open the activities/ folder.

01

TOPIC 1 · A1 · K1

Introduction to Xero Accounting System

Cloud accounting · company setup · master data · governance

© 2026 Tertiary Infotech Academy Pte Ltd

Key Concepts

1. Accounting-system choices and the role of cloud accounting in an SME control environment.
2. Company settings, financial year, GST profile, home currency and user-access design.
3. A governed migration sequence for chart of accounts, customers, suppliers and products/services.
4. Opening-balance controls: cut-off, completeness, mapping, reconciliation and sign-off.

© 2026 Tertiary Infotech Academy Pte Ltd

TOPIC 1

From source document to decision

1. Capture evidence
2. Classify consistently
3. Post to ledgers
4. Review and decide

© 2026 Tertiary Infotech Academy Pte Ltd

TOPIC 1

Accounting systems an SME may encounter

1. Manual records — low cost, weak control at scale
2. Desktop accounting — local control, limited collaboration
3. Cloud accounting — shared, current records
4. ERP — integrated processes across functions

© 2026 Tertiary Infotech Academy Pte Ltd

TOPIC 1

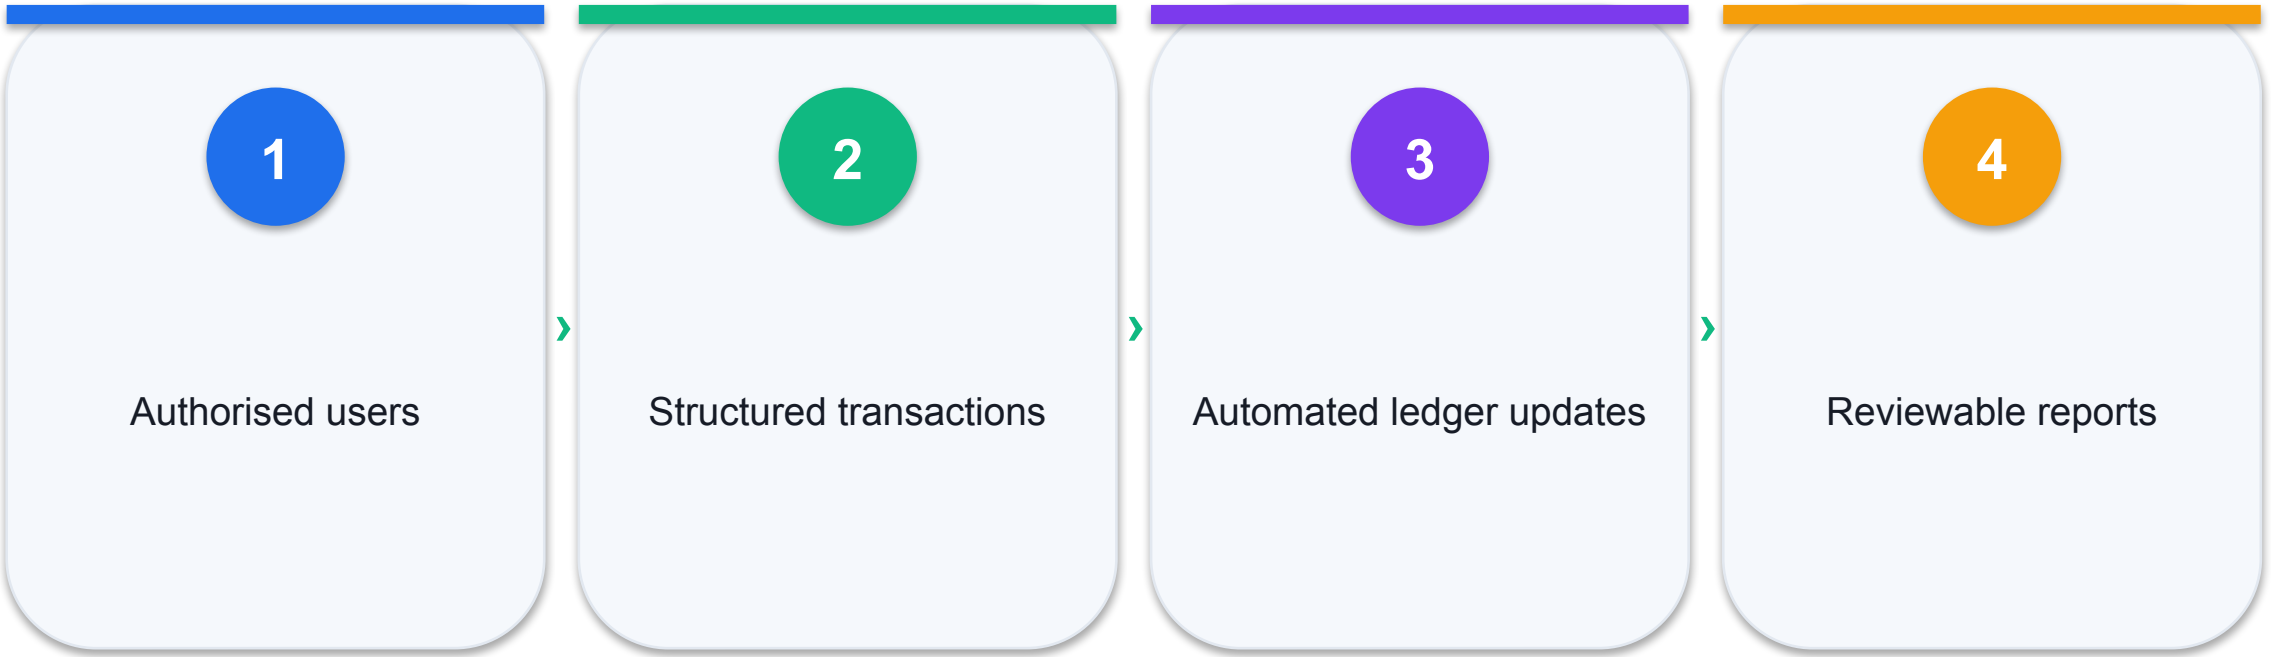

What Xero manages

1. Invoices, quotes and receivables
2. Bills, purchase orders and payables
3. Bank accounts and reconciliation
4. Products/services, GST and reporting

© 2026 Tertiary Infotech Academy Pte Ltd

TOPIC 1

Cloud accounting control model

© 2026 Tertiary Infotech Academy Pte Ltd

TOPIC 1

Xero ecosystem

1. Core ledger and subledgers
2. Bank connections and imports
3. App integrations
4. Accountant collaboration

© 2026 Tertiary Infotech Academy Pte Ltd

TOPIC 1

Select a plan by requirements

1. Transaction volume
2. Number and roles of users
3. Inventory and purchase orders
4. Reporting and automation needs

© 2026 Tertiary Infotech Academy Pte Ltd

TOPIC 1

Company setup decisions

1. Legal and customer-facing identity
2. Financial year and accounting method
3. GST registration details
4. Home currency and multi-currency decision

© 2026 Tertiary Infotech Academy Pte Ltd

TOPIC 1

Multi-currency is a governance decision

1. Confirm business need
2. Set the correct home currency first
3. Understand exchange-rate effects
4. Document irreversible or plan-specific settings

© 2026 Tertiary Infotech Academy Pte Ltd

TOPIC 1

User roles and segregation of duties

1. Subscriber manages the organisation
2. Business & accounting access is scoped
3. Invoice-only access limits entry
4. Read-only or adviser access supports review

© 2026 Tertiary Infotech Academy Pte Ltd

TOPIC 1

Chart of Accounts is the reporting spine

1. Account type drives report placement
2. Tax rate supports GST treatment
3. Code and name support consistency
4. Archived accounts preserve history

© 2026 Tertiary Infotech Academy Pte Ltd

TOPIC 1

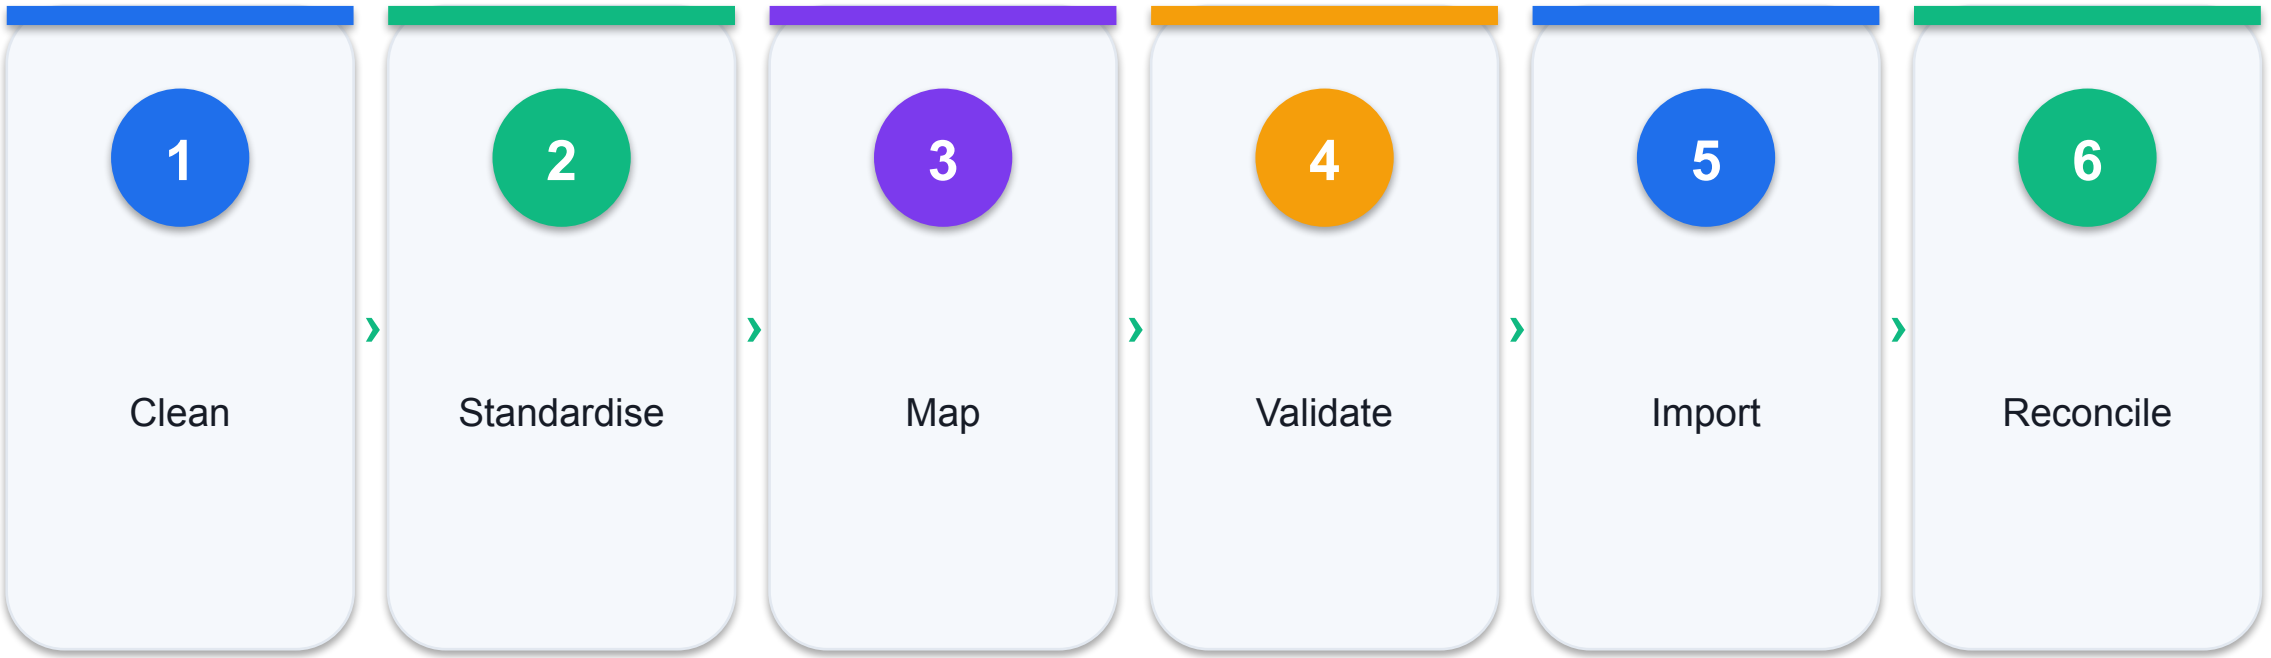

Design a usable account structure

1. Stable coding convention
2. Right level of detail
3. Avoid duplicate meaning
4. Map legacy accounts before import

© 2026 Tertiary Infotech Academy Pte Ltd

TOPIC 1

Master-data quality gate

© 2026 Tertiary Infotech Academy Pte Ltd

TOPIC 1

Contacts as a shared master

1. One contact may be customer and supplier
2. Terms and opening balance cut-off
3. GST and currency attributes
4. Duplicate prevention and ownership

© 2026 Tertiary Infotech Academy Pte Ltd

TOPIC 1

Products and services records

1. Tracked inventory item
2. Untracked item
3. Service item
4. Purchase and sales defaults

© 2026 Tertiary Infotech Academy Pte Ltd

TOPIC 1

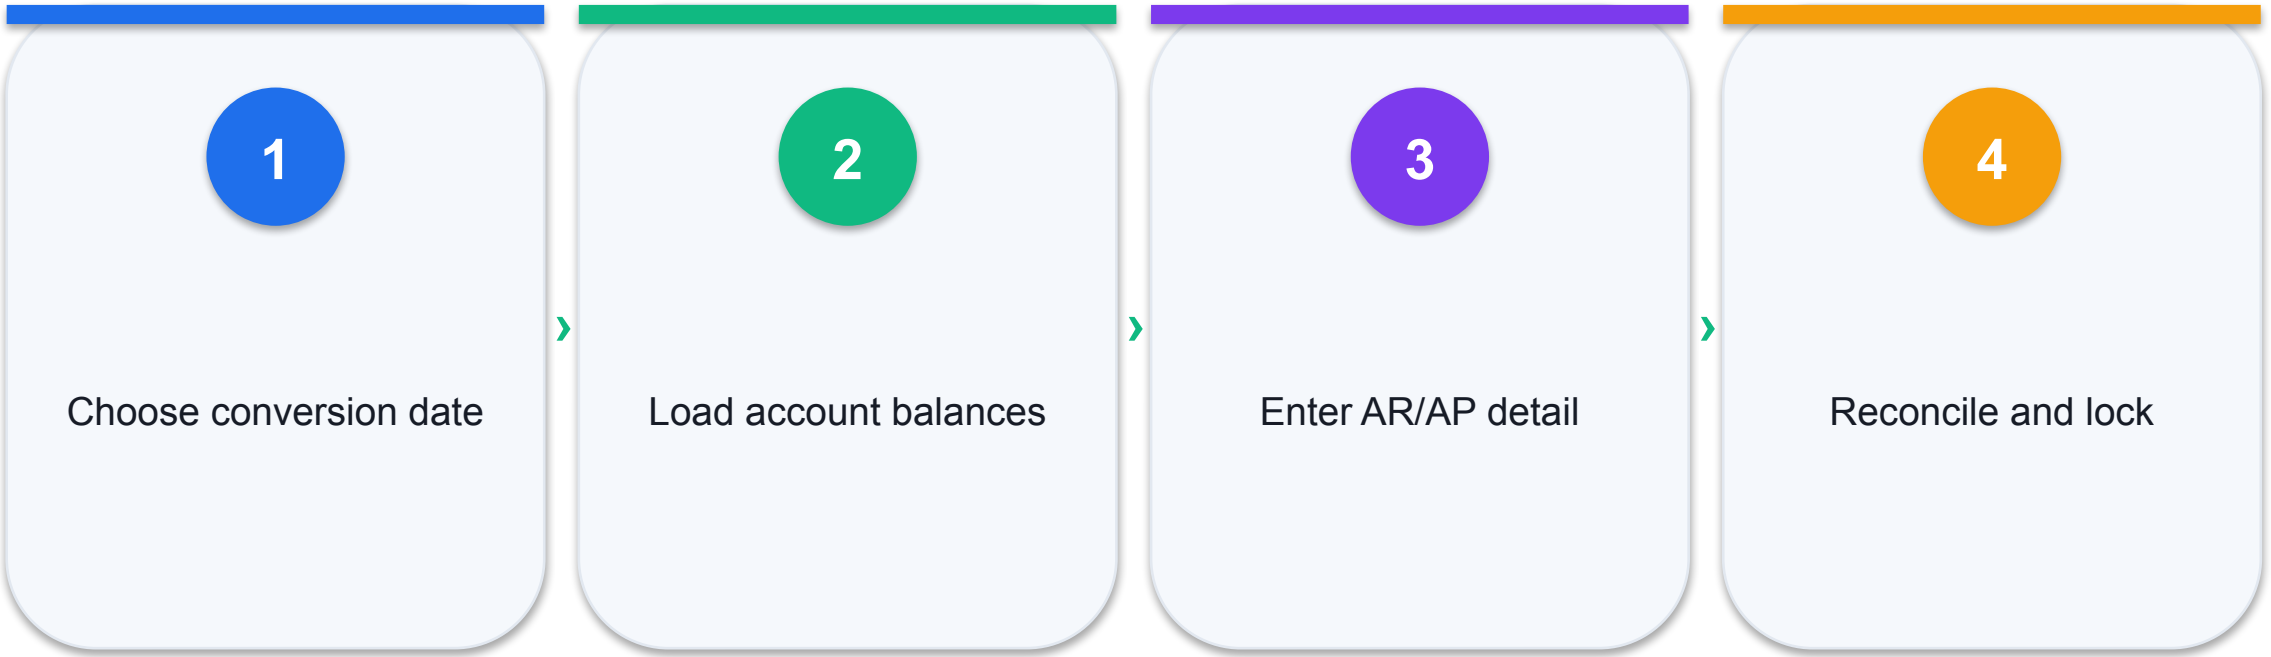

Financial settings anchor the ledger

1. Financial year end
2. GST basis and registration
3. Lock dates
4. Time zone and default tax treatment

© 2026 Tertiary Infotech Academy Pte Ltd

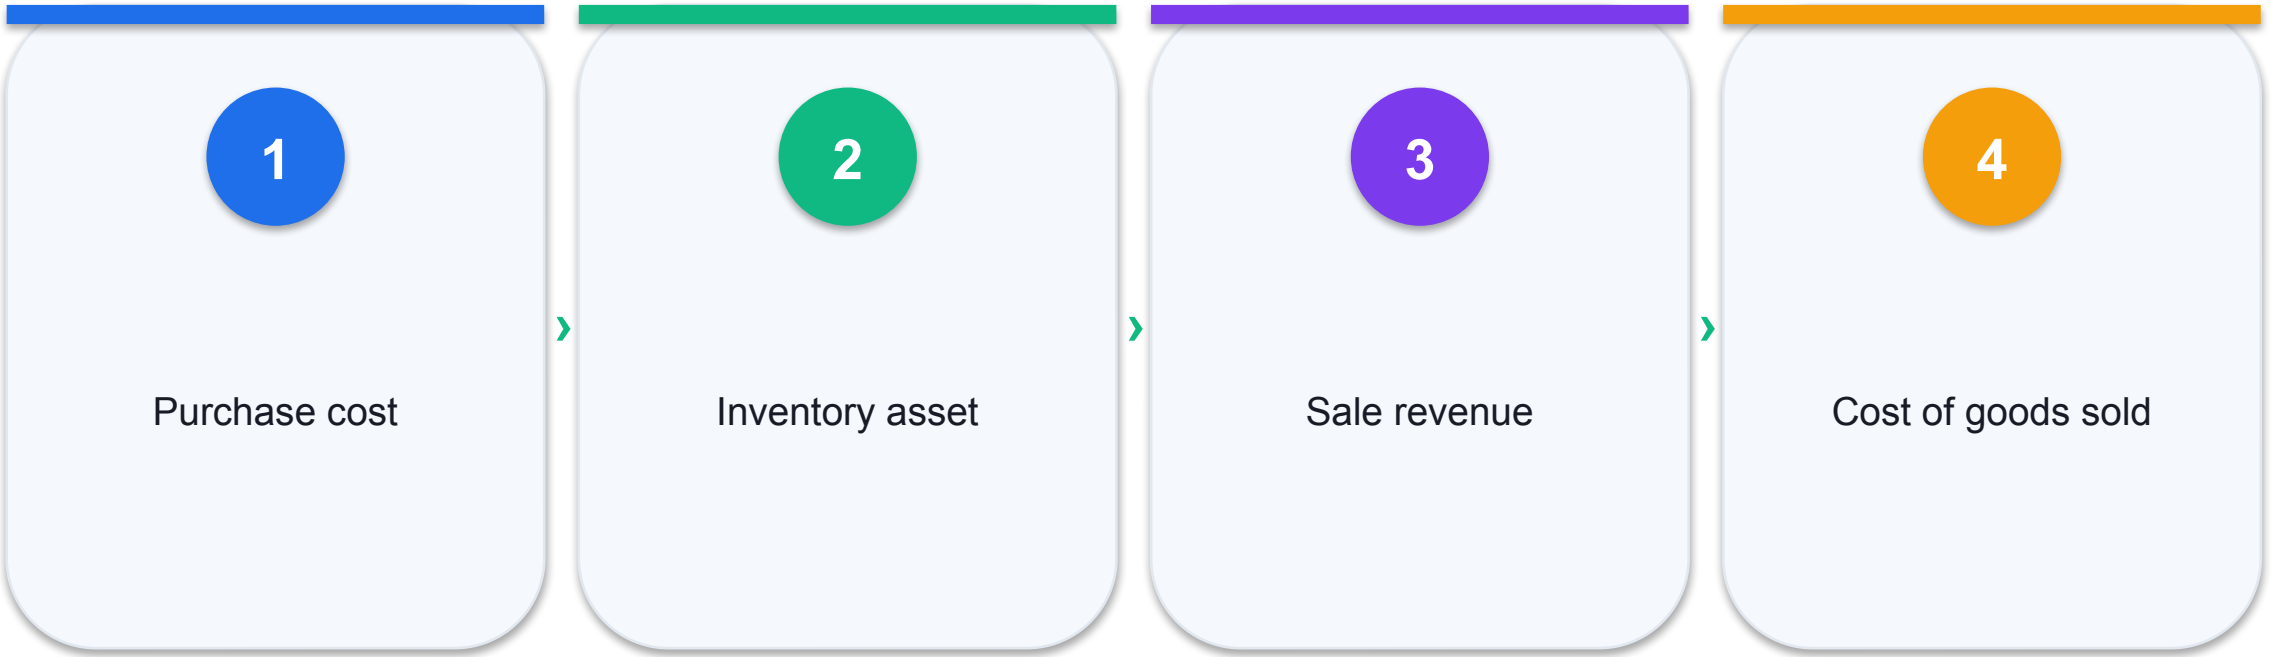

TOPIC 1

Conversion balances establish the cut-over

© 2026 Tertiary Infotech Academy Pte Ltd

Inventory item accounting map

© 2026 Tertiary Infotech Academy Pte Ltd

TOPIC 1

Opening balances need evidence

1. Trial balance at cut-off
2. AR/AP detail matches control totals
3. Bank statement agrees to cash
4. Inventory quantity and value are supported

© 2026 Tertiary Infotech Academy Pte Ltd

TOPIC 1

Migration control totals

1. Record count
2. Debit/credit totals
3. Opening balance totals
4. Exception log and sign-off

© 2026 Tertiary Infotech Academy Pte Ltd

TOPIC 1

Import or enter manually?

1. Use import for clean repeatable lists
2. Use manual entry for low volume
3. Test a small sample first
4. Retain the source and import result

© 2026 Tertiary Infotech Academy Pte Ltd

Topic 1 control checkpoint

A successful setup is not just complete; it is reconciled, access-controlled and explainable.

Use evidence · preserve audit trail · escalate uncertainty

© 2026 Tertiary Infotech Academy Pte Ltd

ACTIVITY 01 · FOUNDATION · A1 · K1

Set Up the SME Organisation and Control Profile

BUSINESS OBJECTIVE

Create a controlled Xero organisation profile for Lumina Homeware Pte Ltd.

DELIVERABLE

Organisation profile evidence, GST and financial-year settings, user-access matrix and setup sign-off.

- ✓ Legal identity and financial year match the scenario
- ✓ GST profile is documented
- ✓ Home currency decision is approved
- ✓ Access roles follow least privilege

Detailed procedure and evidence workbook: activities/activity-01-company-setup-and-controls/

© 2026 Tertiary Infotech Academy Pte Ltd

ACTIVITY 02 · FOUNDATION · A1 · K1

Clean and Import Master Data

BUSINESS OBJECTIVE

Prepare, validate and import the chart of accounts, customers, suppliers and products/services.

DELIVERABLE

Import-ready CSV files, control totals, import results and exception log.

- ✓ All source files pass the quality checks
- ✓ Counts reconcile before and after import
- ✓ No duplicate display names remain
- ✓ Account and item mappings are supportable

Detailed procedure and evidence workbook: activities/activity-02-master-data-import/

© 2026 Tertiary Infotech Academy Pte Ltd

CHECK YOUR UNDERSTANDING

Topic 1 Recap

1. Accounting-system choices and the role of cloud accounting in an SME control environment.
2. Company settings, financial year, GST profile, home currency and user-access design.
3. A governed migration sequence for chart of accounts, customers, suppliers and products/services.
4. Opening-balance controls: cut-off, completeness, mapping, reconciliation and sign-off.

© 2026 Tertiary Infotech Academy Pte Ltd

02

TOPIC 2 · A2 · K2

Input Data to Xero

Banking · sales · purchases · inventory · recurring transactions

© 2026 Tertiary Infotech Academy Pte Ltd

TOPIC 2 OVERVIEW

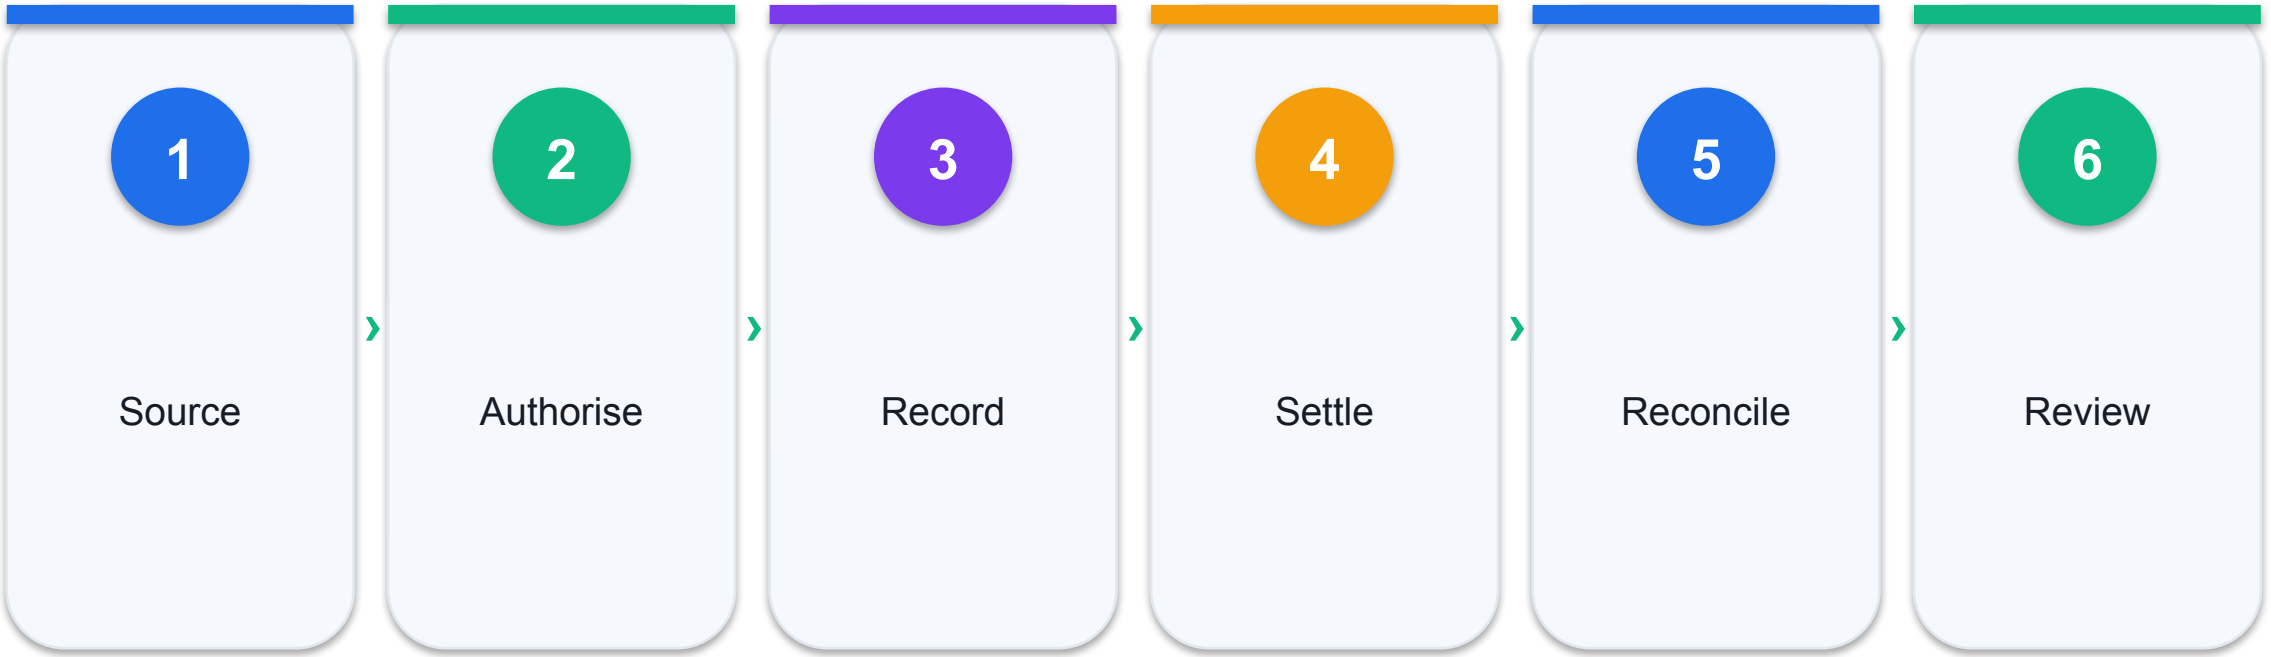

Key Concepts

1. A source-document-to-ledger cycle for bank, sales, purchasing and inventory transactions.
2. Accounts receivable from quote through invoice, payment, credit note and overdue follow-up.
3. Accounts payable from purchase order through bill, payment, supplier credit note and recurring expense.
4. Control points for duplicate prevention, approvals, History & Notes, tracking categories and reconciliation.

© 2026 Tertiary Infotech Academy Pte Ltd

TOPIC 2

Transaction lifecycle

© 2026 Tertiary Infotech Academy Pte Ltd

TOPIC 2

Bank feeds and file imports

1. Connection can reduce rekeying
2. CSV import supports controlled batches
3. Downloaded does not mean correctly posted
4. Review every match, add and exclusion

© 2026 Tertiary Infotech Academy Pte Ltd

TOPIC 2

Banking rule of evidence

The bank feed is a source; the ledger classification and reconciliation are the control.

Use evidence · preserve audit trail · escalate uncertainty

© 2026 Tertiary Infotech Academy Pte Ltd

TOPIC 2

Add a bank account correctly

1. Correct account type
2. Clear account name and number
3. Opening date and balance evidence
4. Owner and reconciliation frequency

© 2026 Tertiary Infotech Academy Pte Ltd

TOPIC 2

Match, create or transfer

1. Match an existing Xero transaction
2. Create a genuine spend/receive money item
3. Transfer between own bank accounts
4. Discuss uncertain items before posting

© 2026 Tertiary Infotech Academy Pte Ltd

TOPIC 2

Receive money, spend money and transfer

1. Receive money records non-invoice receipts
2. Spend money records immediate payments
3. Transfer moves value between own accounts
4. Each needs date, account and evidence

© 2026 Tertiary Infotech Academy Pte Ltd

TOPIC 2

Bank reconciliation equation

1. Statement ending balance
2. Add deposits in transit
3. Less outstanding payments
4. Equals ledger balance

© 2026 Tertiary Infotech Academy Pte Ltd

TOPIC 2

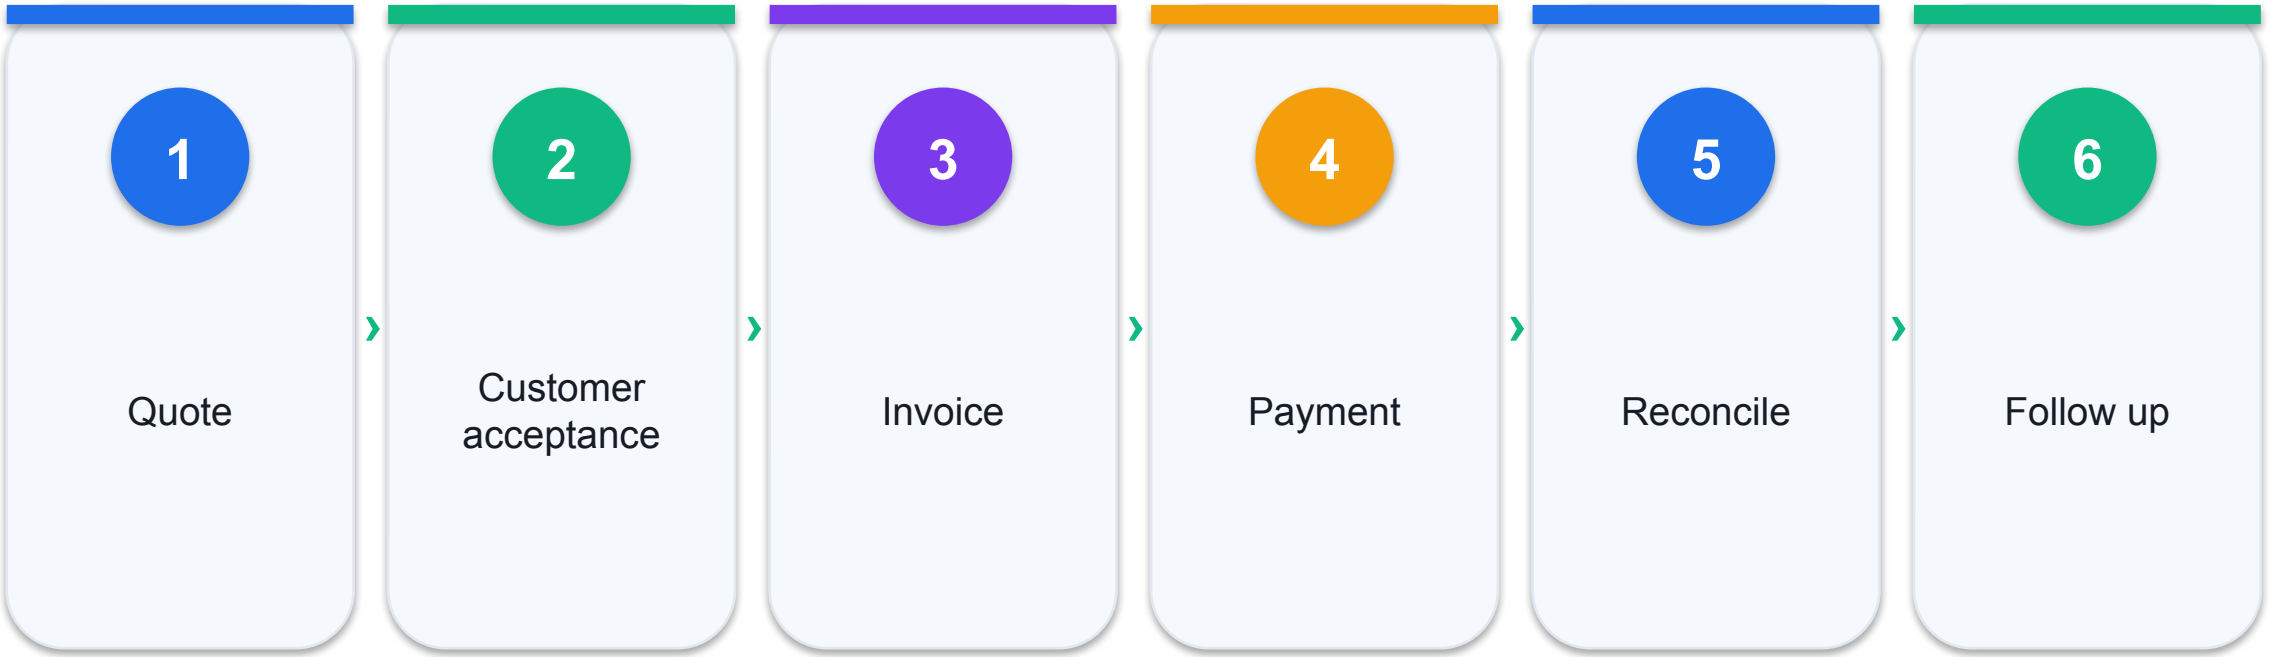

Reconciliation differences

1. Wrong date or amount
2. Duplicate or missing transaction
3. Uncleared item
4. Opening-balance or bank-charge issue

© 2026 Tertiary Infotech Academy Pte Ltd

TOPIC 2

Sales cycle

© 2026 Tertiary Infotech Academy Pte Ltd

TOPIC 2

Quote, invoice or receive money?

1. Quote — non-posting offer
2. Invoice — sale on credit
3. Receive money — non-invoice receipt
4. Credit note — reduces customer balance

© 2026 Tertiary Infotech Academy Pte Ltd

TOPIC 2

Invoice quality controls

1. Correct customer and date
2. Accurate product, quantity and price
3. Terms and tax rate
4. Unique document number and supporting evidence

© 2026 Tertiary Infotech Academy Pte Ltd

TOPIC 2

Invoice branding themes

1. Brand identity and contact details
2. Readable item and tax information
3. Consistent payment terms
4. Preview before use

© 2026 Tertiary Infotech Academy Pte Ltd

TOPIC 2

Receive and apply payment controls

1. Customer identity
2. Open invoice match
3. Payment evidence
4. Deposit destination
5. Balance validation

© 2026 Tertiary Infotech Academy Pte Ltd

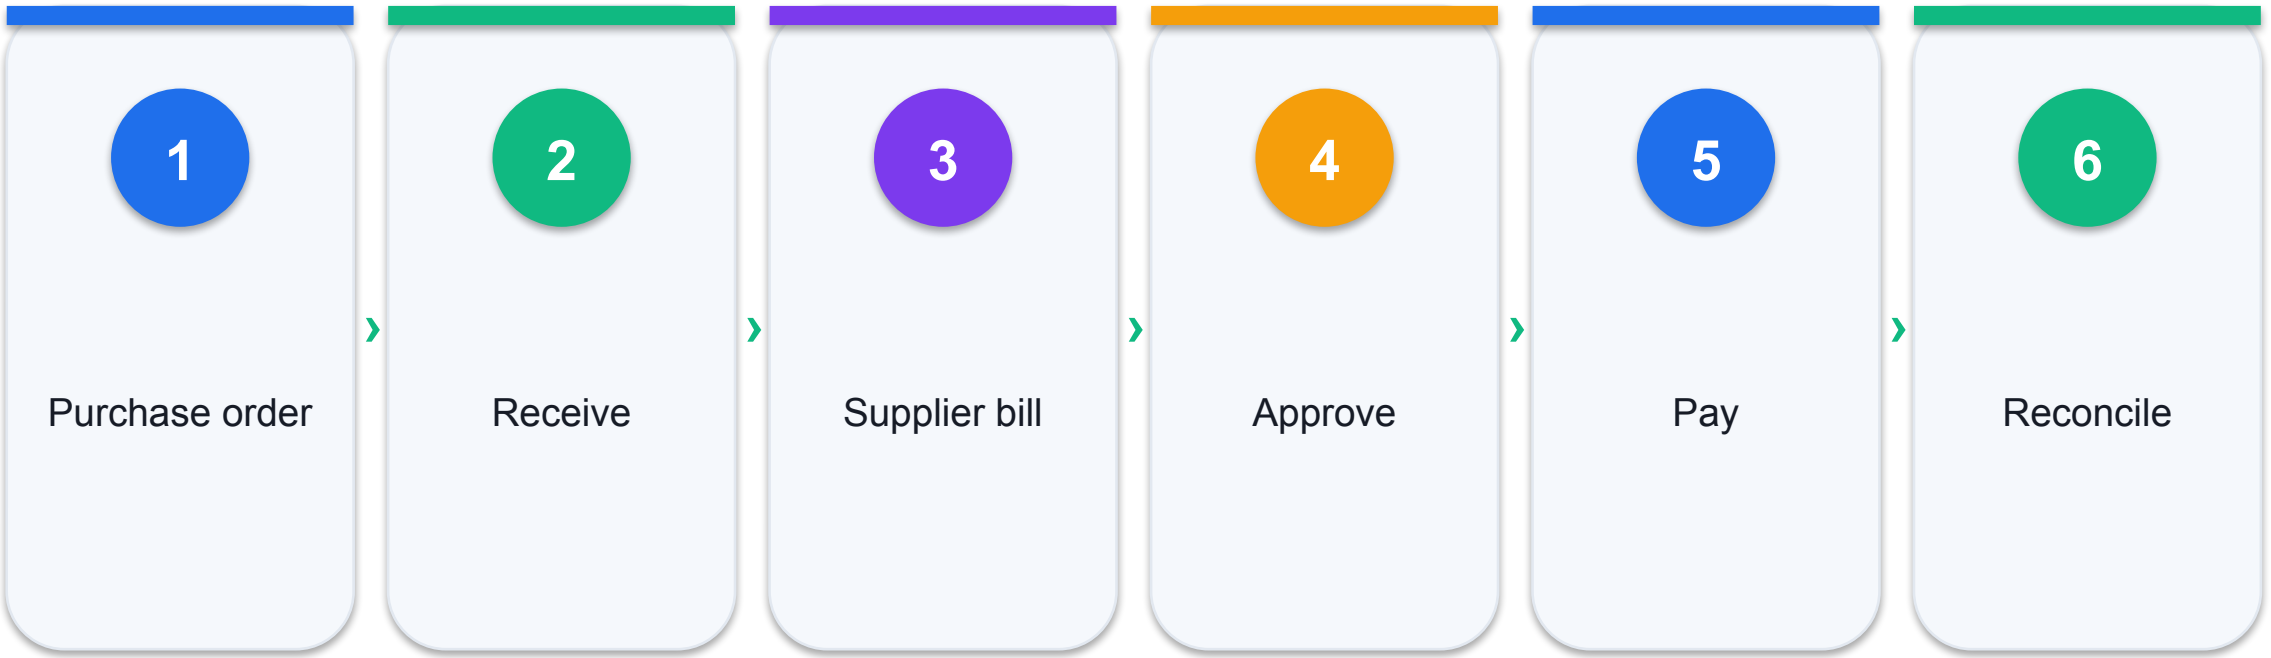

TOPIC 2

Manage overdue invoices

1. Review ageing buckets
2. Prioritise material exposures
3. Document collection action
4. Escalate disputes and credit risk

© 2026 Tertiary Infotech Academy Pte Ltd

Purchasing cycle

© 2026 Tertiary Infotech Academy Pte Ltd

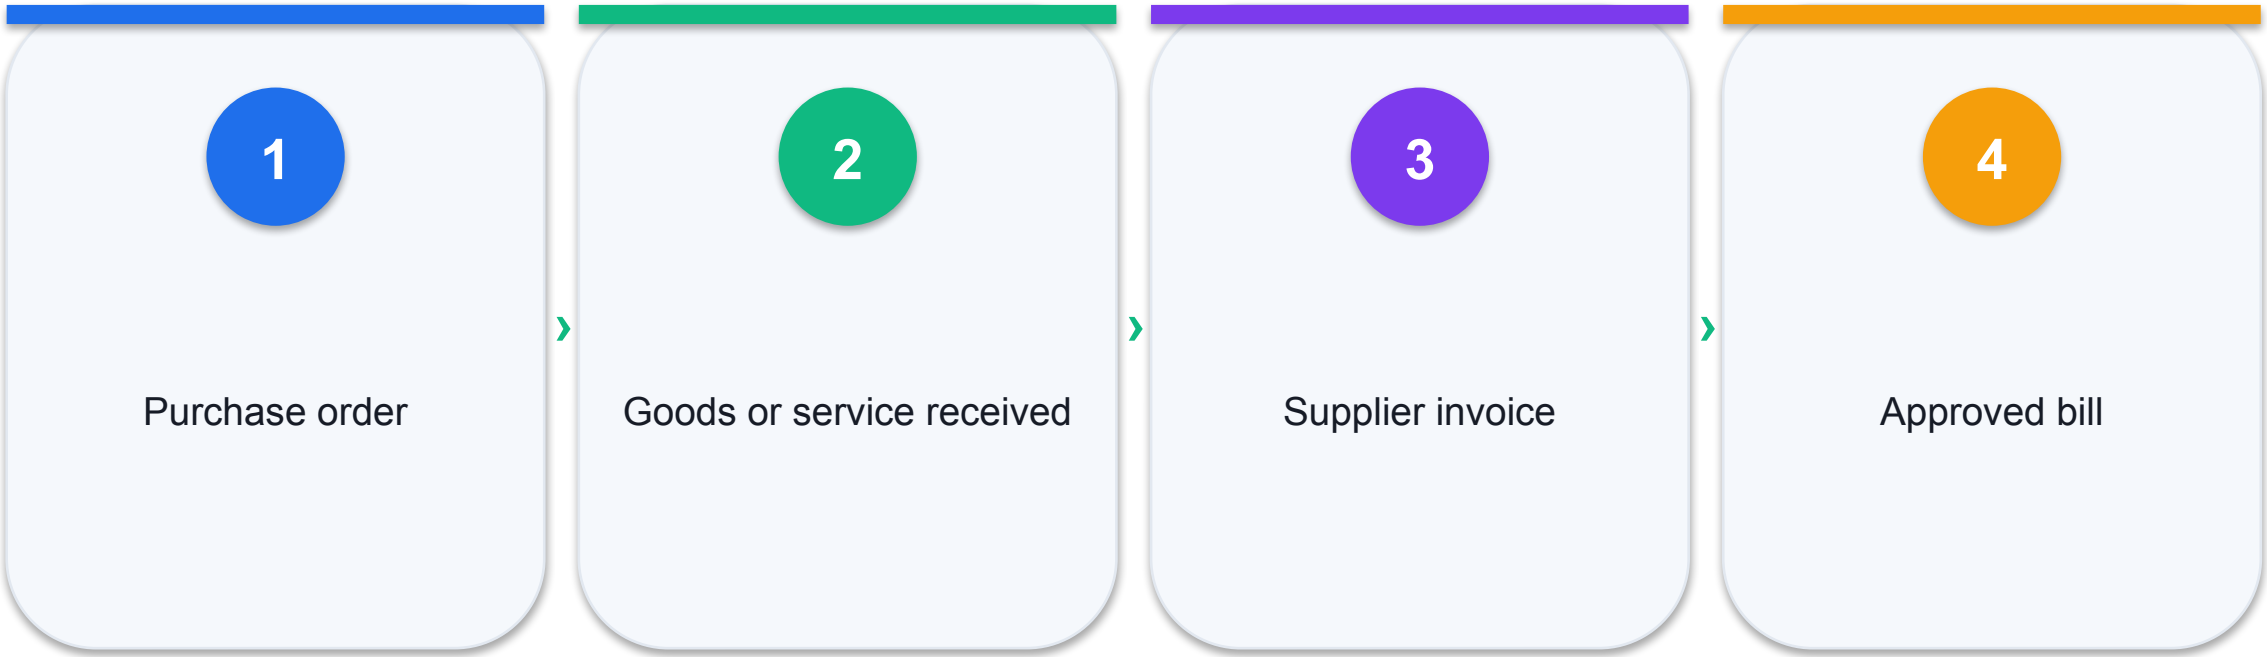

TOPIC 2

Spend money, bill or purchase order?

1. Spend money — paid now
2. Bill — pay later
3. Payment settles an approved bill
4. Purchase order — commitment, not expense

© 2026 Tertiary Infotech Academy Pte Ltd

Three-way matching

© 2026 Tertiary Infotech Academy Pte Ltd

TOPIC 2

Supplier credit notes

1. Record the supplier credit note
2. Allocate it to open bills
3. Preserve original documents
4. Verify AP control balance

© 2026 Tertiary Infotech Academy Pte Ltd

TOPIC 2

Repeating transactions

1. Use for predictable repeated invoices or bills
2. Set schedule and end condition
3. Choose draft/approve/send status carefully
4. Review templates periodically

© 2026 Tertiary Infotech Academy Pte Ltd

TOPIC 2

Inventory quantity and value

1. Purchase increases quantity/value
2. Sale reduces quantity and recognises COGS
3. Adjustment needs reason and authorisation
4. Negative stock is a control warning

© 2026 Tertiary Infotech Academy Pte Ltd

TOPIC 2

Tracking categories

1. Category answers the management question
2. Options stay mutually meaningful
3. Use a stable taxonomy
4. Review untracked transactions

© 2026 Tertiary Infotech Academy Pte Ltd

TOPIC 2

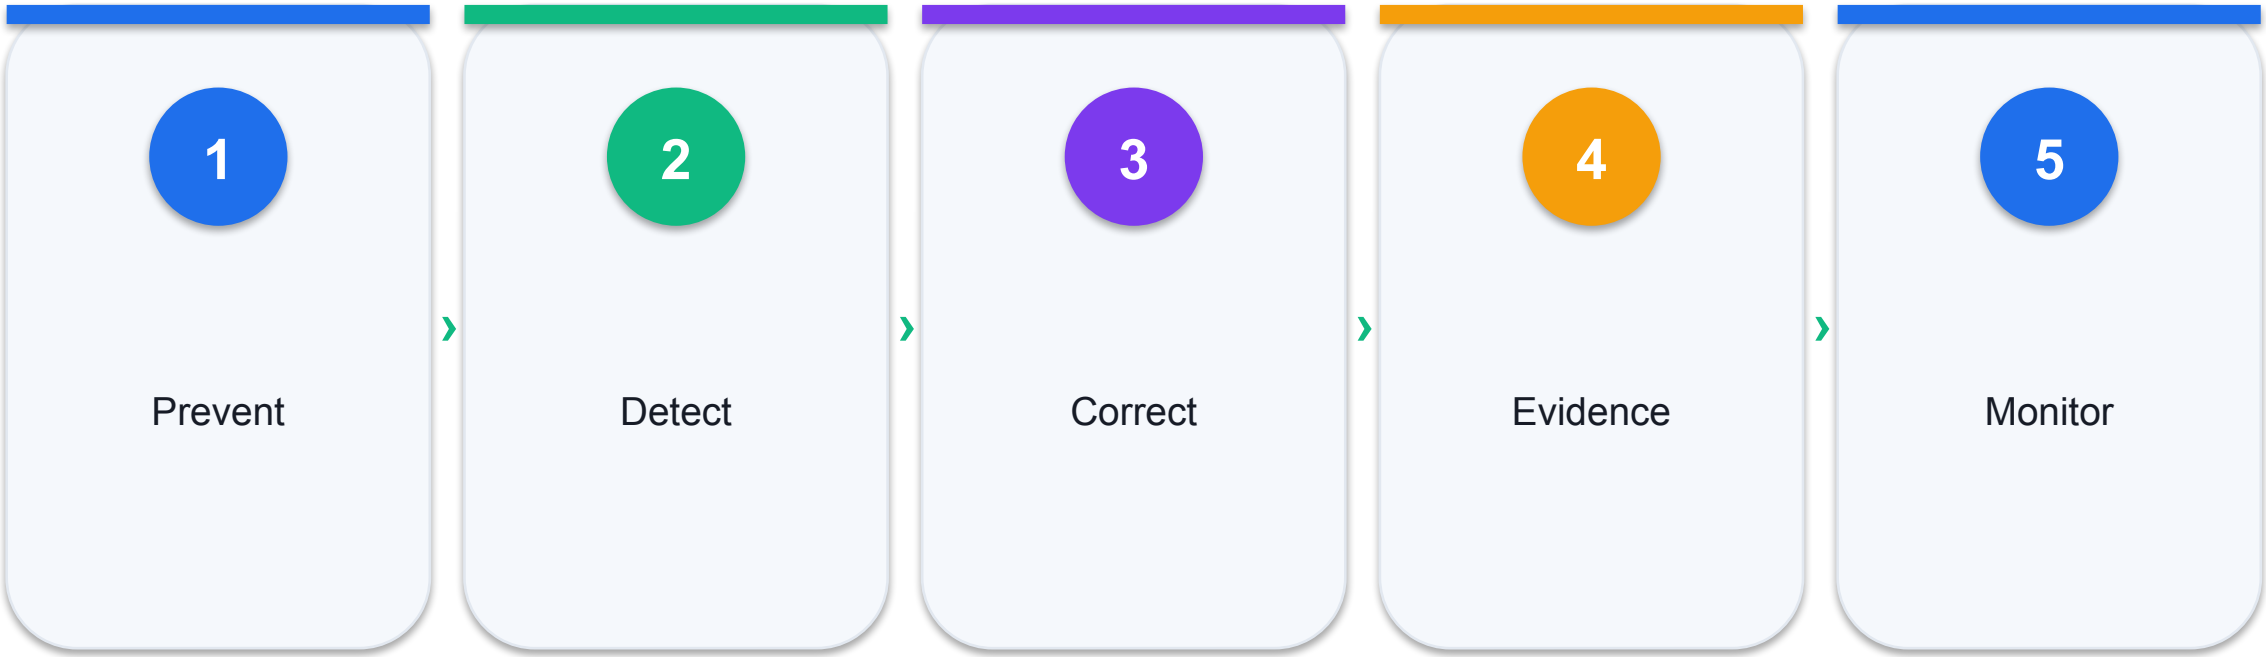

History & Notes as detective control

1. Who changed what
2. When the change occurred
3. Edits, status and communication
4. Patterns requiring review

© 2026 Tertiary Infotech Academy Pte Ltd

TOPIC 2

Internal control pattern

© 2026 Tertiary Infotech Academy Pte Ltd

Topic 2 control checkpoint

Fast data entry is useful only when source evidence, approval and reconciliation remain intact.

Use evidence · preserve audit trail · escalate uncertainty

© 2026 Tertiary Infotech Academy Pte Ltd

ACTIVITY 03 · INTERMEDIATE · A2 · K2

Import Banking Data and Reconcile July

BUSINESS OBJECTIVE

Set up bank accounts, import statement lines and reconcile the July statement.

DELIVERABLE

Imported bank batch, classified transactions, reconciliation report and exception log.

- ✓ Imported row count matches the source
- ✓ Every line is matched, created or transferred with a reason
- ✓ Transfer is recorded once
- ✓ Reconciliation difference is zero

Detailed procedure and evidence workbook: activities/activity-03-banking-and-reconciliation/

© 2026 Tertiary Infotech Academy Pte Ltd

ACTIVITY 04 · INTERMEDIATE · A2 · K2

Process the Quote-to-Cash Cycle

BUSINESS OBJECTIVE

Process a quote, invoice, payment, customer credit note and overdue follow-up.

DELIVERABLE

Complete customer transaction chain, AR ageing evidence and collection action log.

- ✓ Quote-to-invoice chain is intact
- ✓ Payment and credit are applied correctly
- ✓ GST is consistent with source documents
- ✓ AR ageing actions are specific and evidenced

Detailed procedure and evidence workbook: activities/activity-04-sales-and-receivables/

© 2026 Tertiary Infotech Academy Pte Ltd

ACTIVITY 05 · INTERMEDIATE · A2 · K2

Process Purchasing and Payables

BUSINESS OBJECTIVE

Process purchase orders, supplier bills, payments, supplier credit notes and recurring expenses.

DELIVERABLE

Approved procure-to-pay chain, AP ageing evidence and recurring-template control.

- ✓ Three-way match is documented
- ✓ Bill and payment retain source references
- ✓ Supplier credit note is applied
- ✓ Recurring template has an owner and review date

Detailed procedure and evidence workbook: activities/activity-05-purchasing-and-payables/

© 2026 Tertiary Infotech Academy Pte Ltd

ACTIVITY 06 · INTERMEDIATE · A2 · K2

Control Inventory, Tracking Categories and History

BUSINESS OBJECTIVE

Review inventory movements, tracking quality and History & Notes evidence.

DELIVERABLE

Inventory roll-forward, untracked-transaction report and History & Notes review.

- ✓ Inventory roll-forward reconciles
- ✓ Untracked items are resolved or logged
- ✓ History samples identify user and change
- ✓ Corrective actions have owner and due date

Detailed procedure and evidence workbook: activities/activity-06-inventory-tracking-history/

© 2026 Tertiary Infotech Academy Pte Ltd

CHECK YOUR UNDERSTANDING

Topic 2 Recap

1. A source-document-to-ledger cycle for bank, sales, purchasing and inventory transactions.
2. Accounts receivable from quote through invoice, payment, credit note and overdue follow-up.
3. Accounts payable from purchase order through bill, payment, supplier credit note and recurring expense.
4. Control points for duplicate prevention, approvals, History & Notes, tracking categories and reconciliation.

© 2026 Tertiary Infotech Academy Pte Ltd

03

TOPIC 3 · A3 · K3 · K4

Manage Goods and Services Tax (GST)

Singapore GST · tax coding · input/output tax · GST F5 review

© 2026 Tertiary Infotech Academy Pte Ltd

TOPIC 3 OVERVIEW

Key Concepts

1. GST-registered businesses charge output tax and may claim eligible input tax under IRAS rules.
2. Use the correct current Xero tax rate for standard-rated, zero-rated, exempt and out-of-scope items.
3. Reconcile GST detail, exception and control accounts before preparing GST F5 figures.
4. Escalate uncertain treatments; accounting software supports preparation but does not replace tax advice.

© 2026 Tertiary Infotech Academy Pte Ltd

TOPIC 3

GST in the value chain

1

Supplier charges input GST

2

Business records purchase

3

Business charges output GST

4

Net amount settles with IRAS

© 2026 Tertiary Infotech Academy Pte Ltd

TOPIC 3

Current Singapore GST rate

The standard rate is 9% at publication; always verify time-sensitive tax rates and rules with IRAS.

Use evidence · preserve audit trail · escalate uncertainty

© 2026 Tertiary Infotech Academy Pte Ltd

TOPIC 3

Taxable and non-taxable treatment

1. Standard-rated supply
2. Zero-rated supply
3. Exempt supply
4. Out-of-scope transaction

© 2026 Tertiary Infotech Academy Pte Ltd

TOPIC 3

Output tax and input tax

1. Output tax is collected on taxable sales
2. Input tax may be claimable on eligible business purchases
3. Net output above input generally means payable
4. Net input above output may mean refundable, subject to IRAS rules

© 2026 Tertiary Infotech Academy Pte Ltd

TOPIC 3

GST control formula

1. Taxable value
2. Apply correct rate
3. GST amount
4. Gross amount
5. Return box

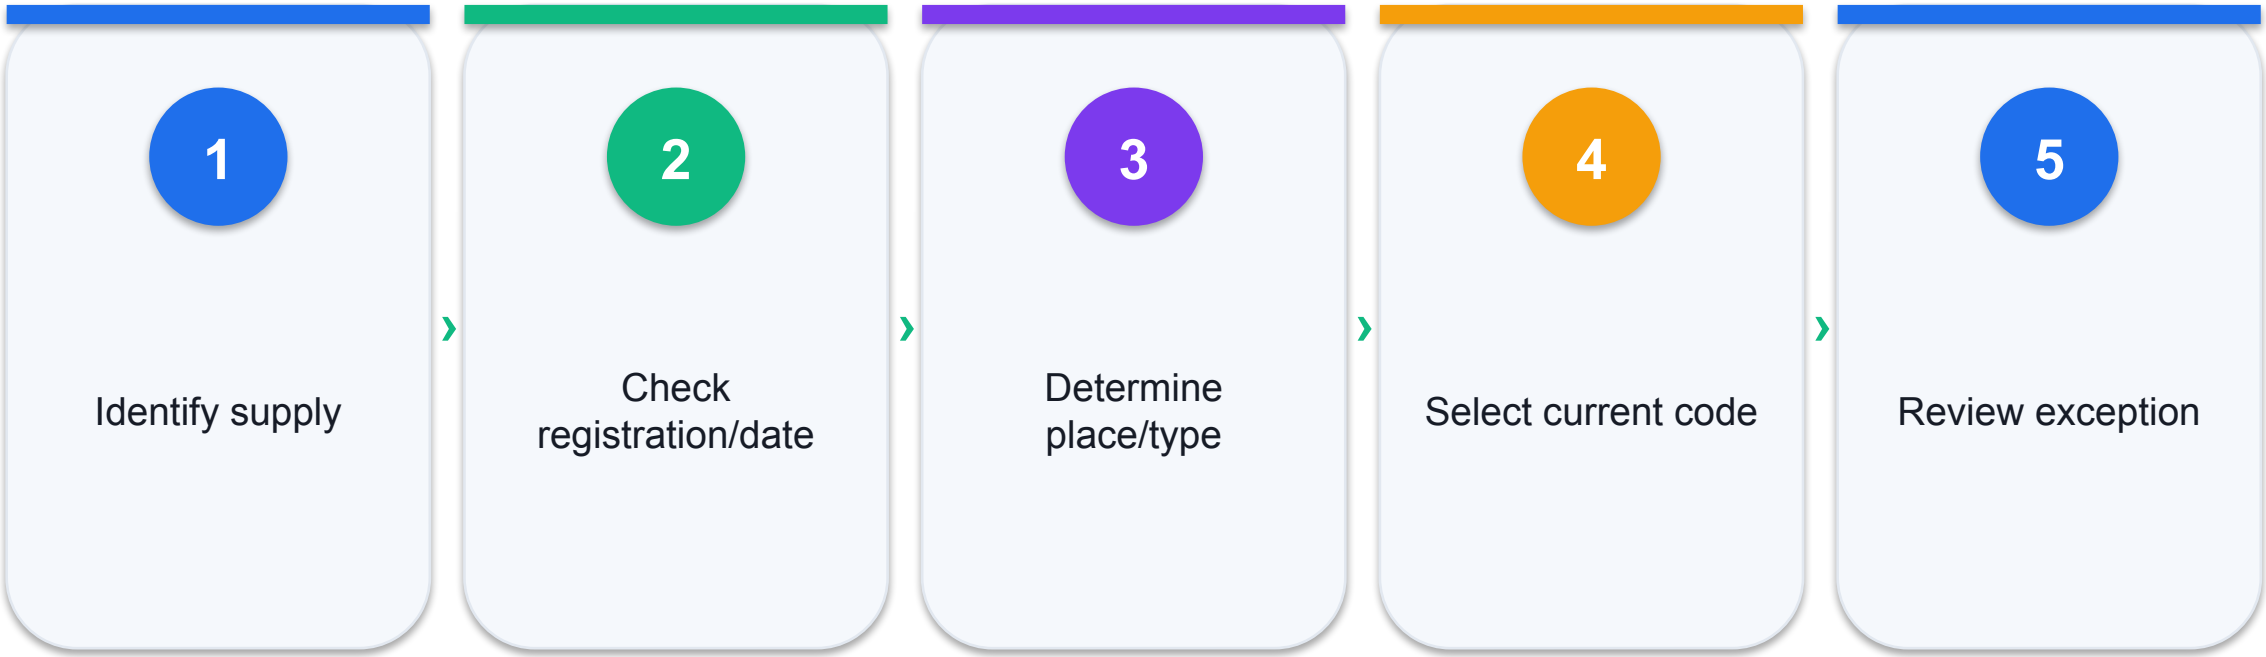

© 2026 Tertiary Infotech Academy Pte Ltd

Tax-inclusive and tax-exclusive amounts

1. Exclusive: GST = net × rate
2. Inclusive: GST = gross × rate ÷ (1 + rate)
3. Rounding policy must be consistent
4. Source document must support treatment

© 2026 Tertiary Infotech Academy Pte Ltd

GST coding decision

© 2026 Tertiary Infotech Academy Pte Ltd

TOPIC 3

GST on sales

1. Correct supply category
2. Valid tax invoice information
3. Credit note reverses original treatment
4. Foreign-currency conversion is documented

© 2026 Tertiary Infotech Academy Pte Ltd

TOPIC 3

GST on purchases

1. Business purpose
2. Valid supporting document
3. Claim eligibility
4. Correct period and tax rate

© 2026 Tertiary Infotech Academy Pte Ltd

TOPIC 3

Common GST coding risks

1. Using standard rate by default
2. Claiming blocked/private expenses
3. Mixing exempt and out-of-scope
4. Back-dated changes after filing

© 2026 Tertiary Infotech Academy Pte Ltd

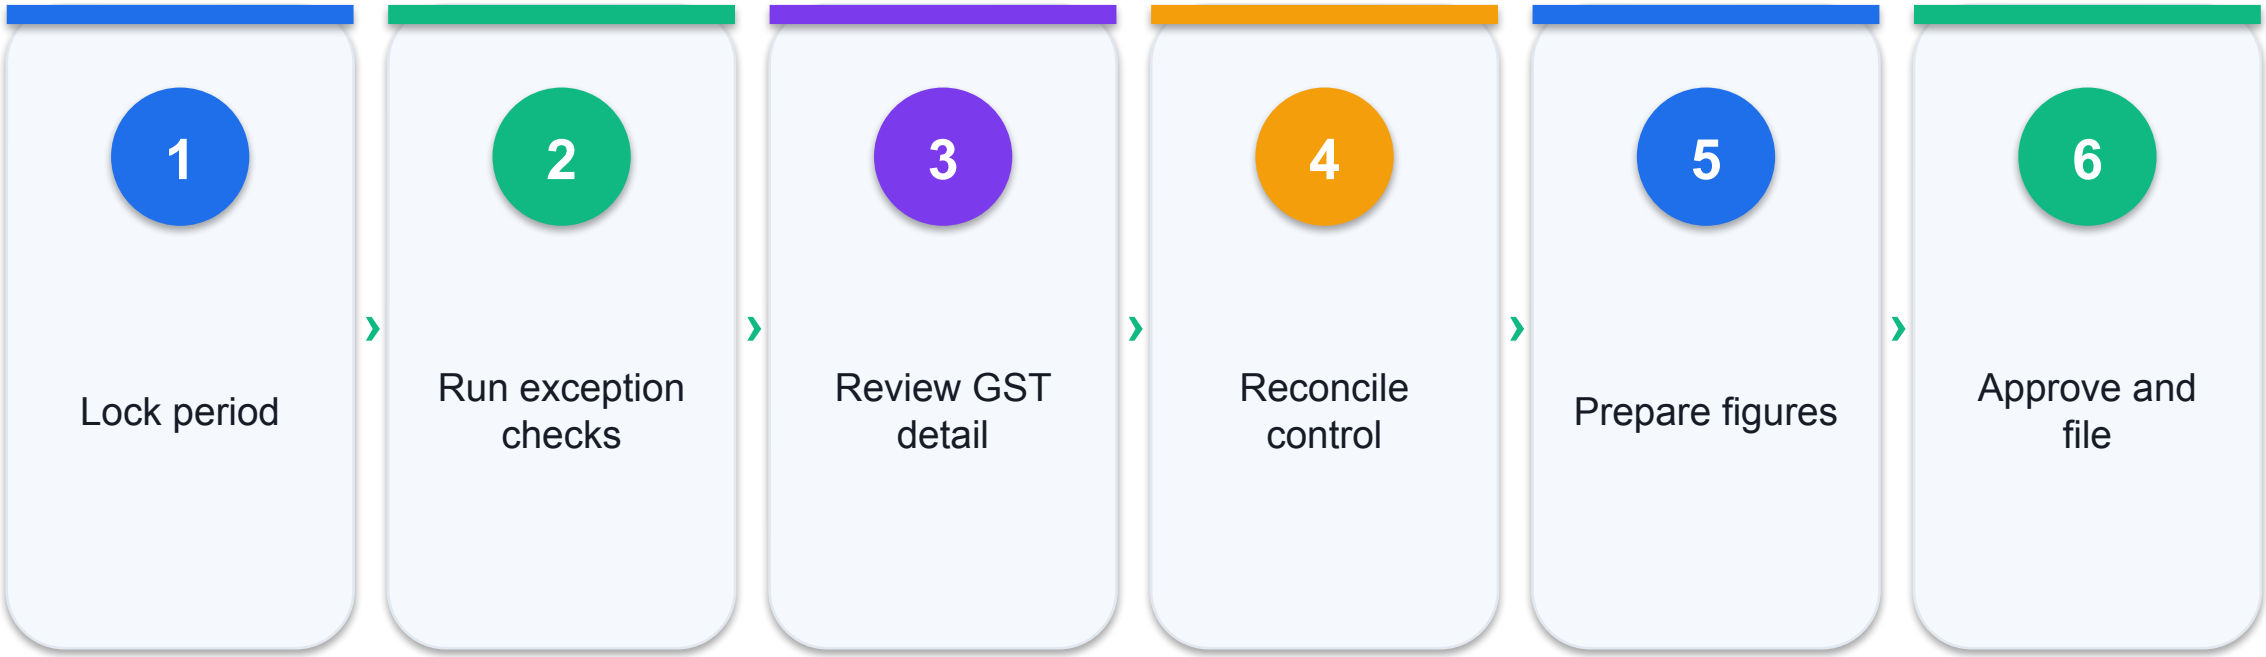

TOPIC 3

Xero's single GST account

1. Xero posts transaction GST to one system account
2. Manually created GST accounts do not feed GST F5
3. Tax rate and treatment drive box mapping
4. Reconcile GST F5 detail to the ledger

© 2026 Tertiary Infotech Academy Pte Ltd

GST F5 preparation flow

© 2026 Tertiary Infotech Academy Pte Ltd

TOPIC 3

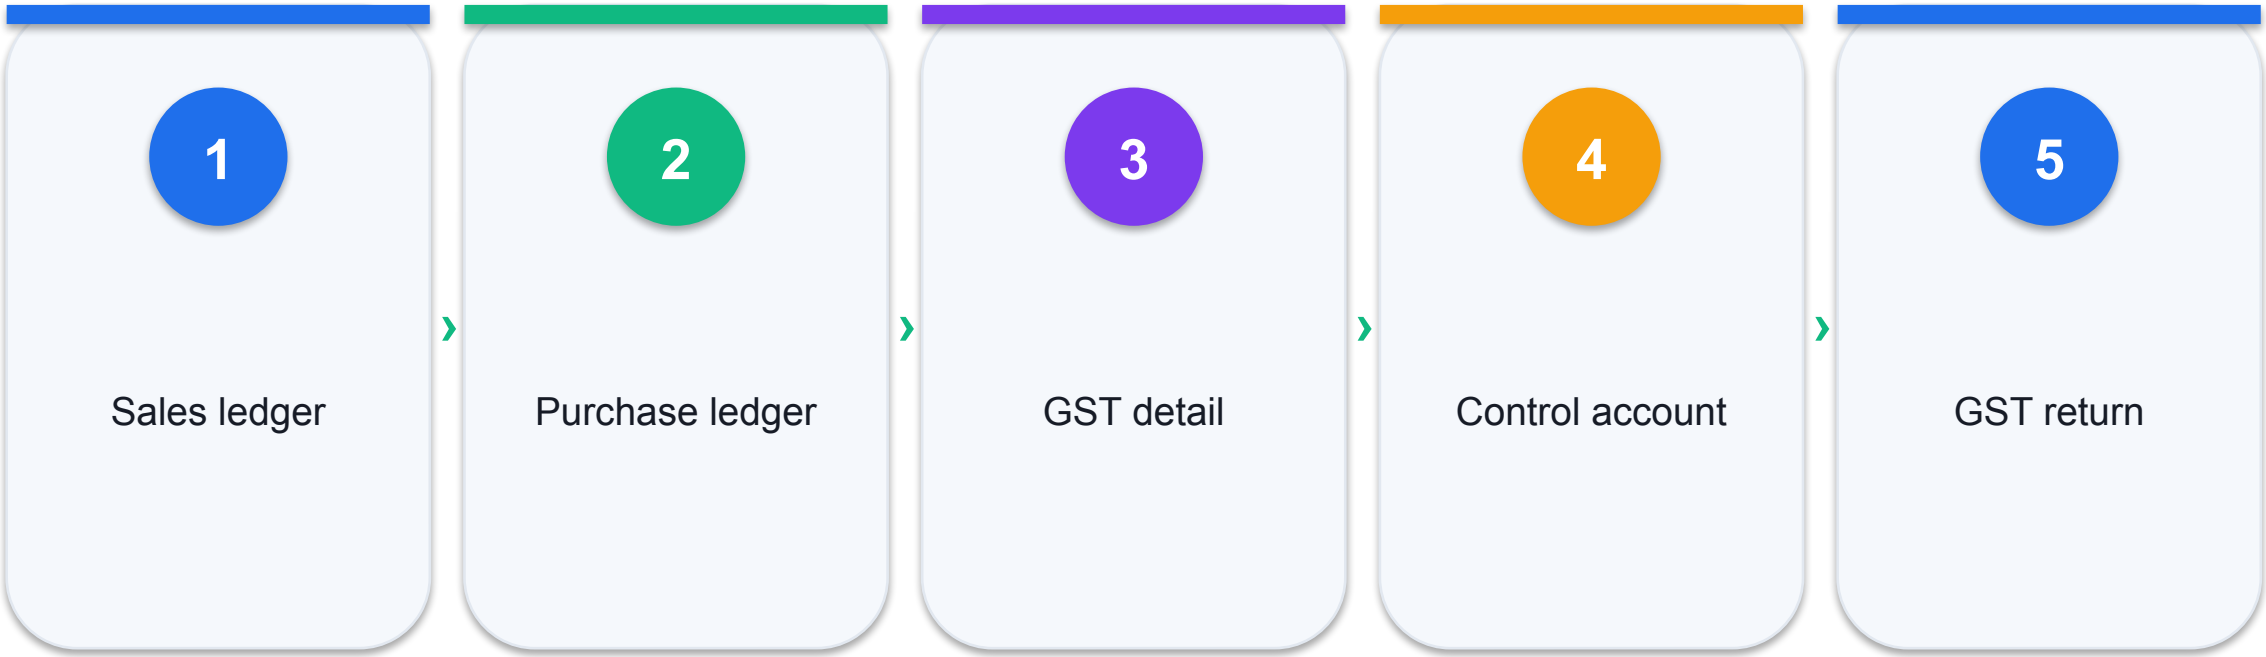

Exception-report review

1. Transactions without tax
2. Unusual tax rate by account
3. Negative or duplicate amounts
4. Changes to prior filed periods

© 2026 Tertiary Infotech Academy Pte Ltd

TOPIC 3

GST reconciliation

© 2026 Tertiary Infotech Academy Pte Ltd

TOPIC 3

When errors are found

1. Quantify affected periods
2. Preserve an audit trail
3. Correct through an approved method
4. Consult current IRAS guidance

© 2026 Tertiary Infotech Academy Pte Ltd

TOPIC 3

Corporate tax context

1. Accounting profit is not chargeable income
2. Current corporate tax rate is 17%
3. Tax adjustments and reliefs are time-sensitive
4. Use IRAS guidance or a qualified adviser

© 2026 Tertiary Infotech Academy Pte Ltd

TOPIC 3

Records support compliance

1. Source documents
2. Ledger and reconciliations
3. Approval evidence
4. Filed return and payment evidence

© 2026 Tertiary Infotech Academy Pte Ltd

Topic 3 control checkpoint

Correct GST reporting begins at transaction coding and ends with an evidenced reconciliation.

Use evidence · preserve audit trail · escalate uncertainty

© 2026 Tertiary Infotech Academy Pte Ltd

ACTIVITY 07 · INTERMEDIATE · A3 · K3 · K4

Code and Validate GST Transactions

BUSINESS OBJECTIVE

Apply and validate Singapore GST treatment across a mixed transaction set.

DELIVERABLE

GST coding register, calculation checks and resolved exception log.

- ✓ Every transaction has a supported classification
- ✓ Formula checks agree to system tax amounts
- ✓ Uncertain items are escalated
- ✓ Credits mirror original tax treatment

Detailed procedure and evidence workbook: activities/activity-07-gst-coding-control/

© 2026 Tertiary Infotech Academy Pte Ltd

ACTIVITY 08 · ADVANCED · A3 · K3 · K4

Prepare the GST F5 Review Pack

BUSINESS OBJECTIVE

Reconcile GST ledgers and prepare a review pack for the quarterly GST return.

DELIVERABLE

GST summary/detail reconciliation, exception report and reviewer sign-off pack.

- ✓ GST detail agrees to control accounts
- ✓ F5 control figures are formula-driven
- ✓ Sample evidence is traceable
- ✓ Preparer and reviewer sign-offs are complete

Detailed procedure and evidence workbook: activities/activity-08-gst-f5-review/

© 2026 Tertiary Infotech Academy Pte Ltd

CHECK YOUR UNDERSTANDING

Topic 3 Recap

1. GST-registered businesses charge output tax and may claim eligible input tax under IRAS rules.
2. Use the correct current Xero tax rate for standard-rated, zero-rated, exempt and out-of-scope items.
3. Reconcile GST detail, exception and control accounts before preparing GST F5 figures.
4. Escalate uncertain treatments; accounting software supports preparation but does not replace tax advice.

© 2026 Tertiary Infotech Academy Pte Ltd

04

TOPIC 4 · A4 · K5

Financial and Accounting Reports

P&L · balance sheet · cash flow · ageing · GST · custom reports

© 2026 Tertiary Infotech Academy Pte Ltd

TOPIC 4 OVERVIEW

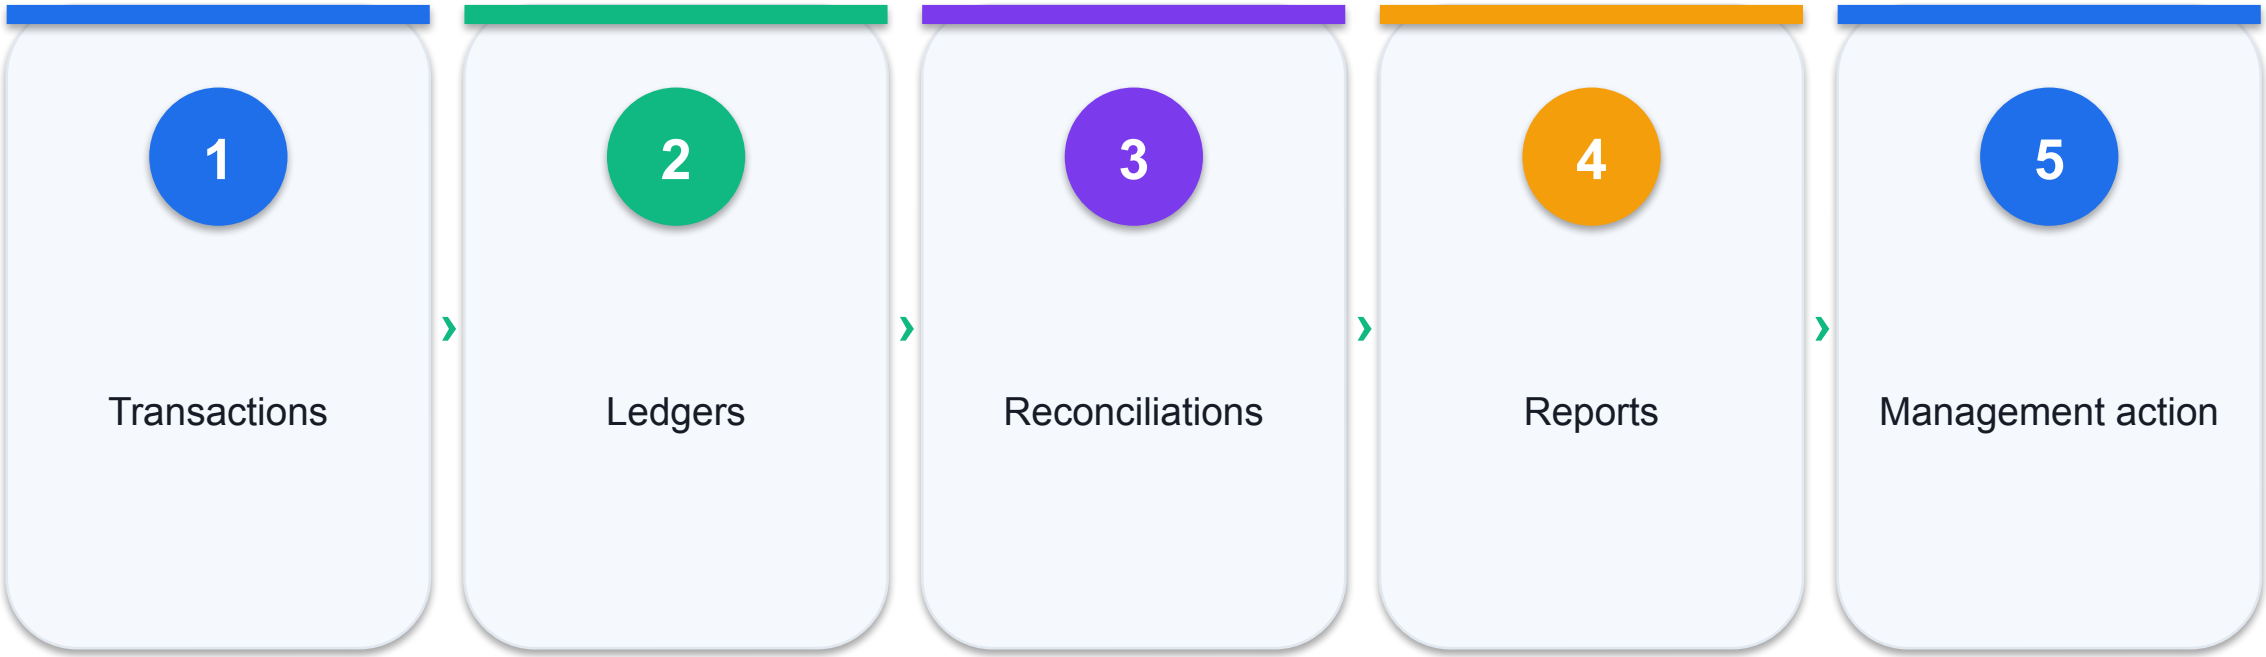

Key Concepts

1. Profit and Loss explains performance over a period; Balance Sheet explains position at a date.
2. Cash flow, profit and working capital answer different management questions.
3. AR/AP ageing turns overdue balances into collection and payment priorities.
4. Report accuracy depends on reconciled source data, correct basis, period, filters and review evidence.

© 2026 Tertiary Infotech Academy Pte Ltd

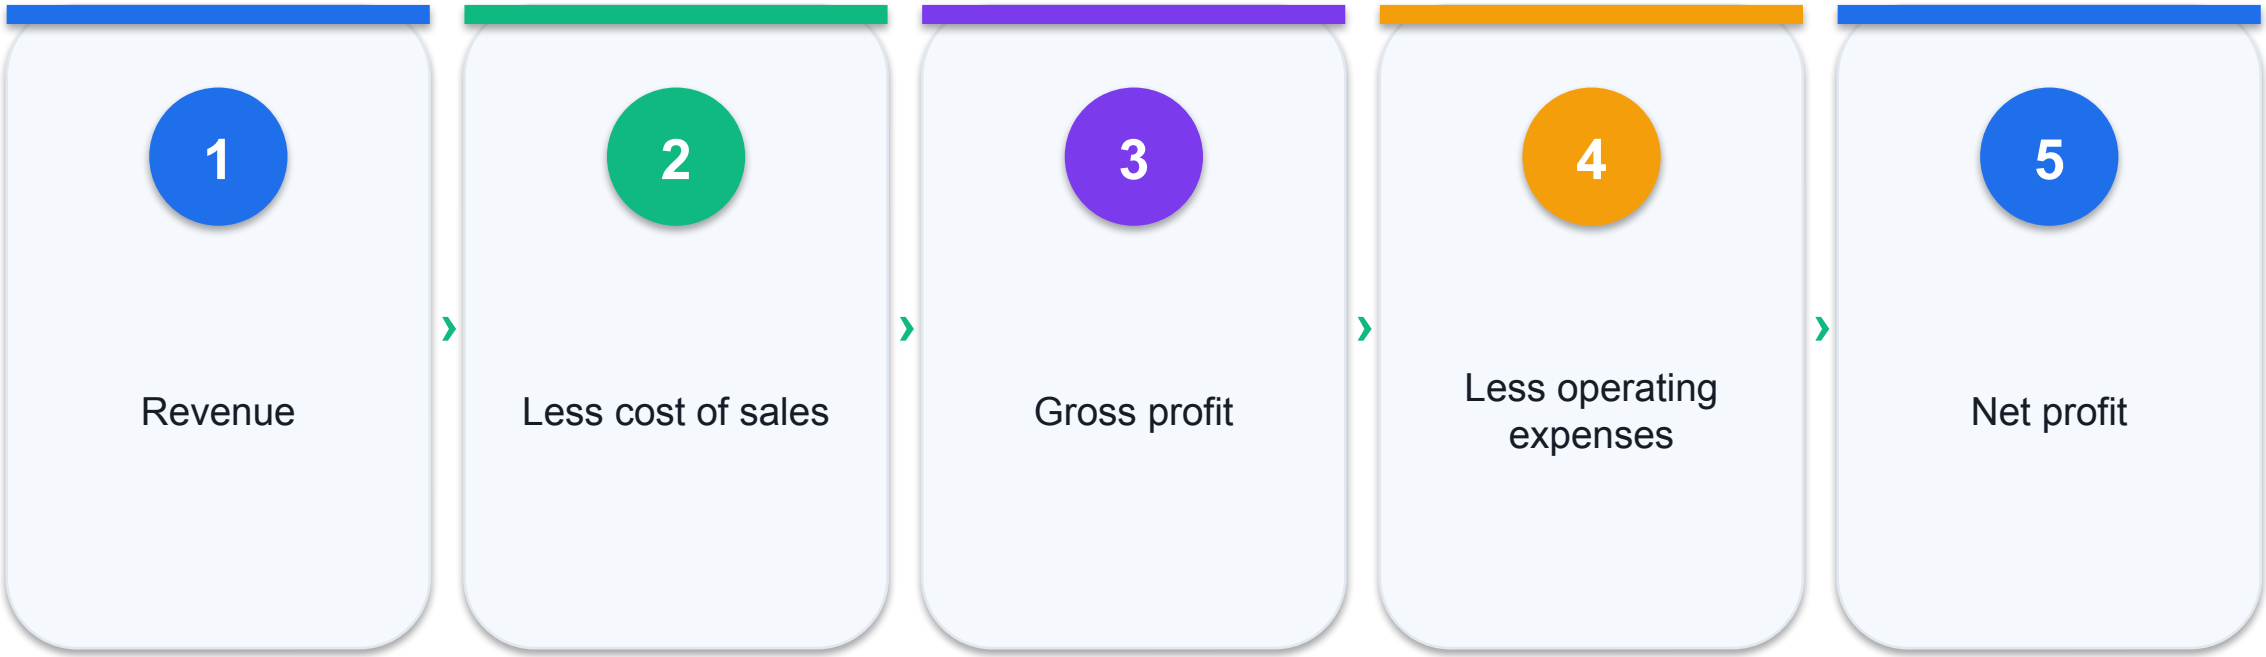

TOPIC 4

Reports turn entries into decisions

© 2026 Tertiary Infotech Academy Pte Ltd

Profit and Loss anatomy

© 2026 Tertiary Infotech Academy Pte Ltd

TOPIC 4

P&L review questions

1. Which revenue streams changed
2. What drove gross margin
3. Which expenses are unusual
4. Are period and accounting basis correct

© 2026 Tertiary Infotech Academy Pte Ltd

Balance Sheet equation

Assets = Liabilities + Owners' Equity

Use evidence · preserve audit trail · escalate uncertainty

© 2026 Tertiary Infotech Academy Pte Ltd

TOPIC 4

Balance Sheet structure

1. Current and non-current assets
2. Current and non-current liabilities
3. Equity and retained earnings
4. Control accounts requiring reconciliation

© 2026 Tertiary Infotech Academy Pte Ltd

TOPIC 4

Balance Sheet limitations

1. Snapshot at one date
2. Book value may differ from market value
3. Unrecorded intangibles may matter
4. Classification quality affects interpretation

© 2026 Tertiary Infotech Academy Pte Ltd

TOPIC 4

P&L versus Balance Sheet

1. P&L covers a period
2. Balance Sheet is at a date
3. Profit changes retained earnings
4. Cash is not the same as profit

© 2026 Tertiary Infotech Academy Pte Ltd

TOPIC 4

Cash flow versus profit

1. Profit uses accrual accounting
2. Cash flow tracks cash movements
3. Credit sales can raise profit before cash
4. Asset purchases use cash but are not immediately expensed

© 2026 Tertiary Infotech Academy Pte Ltd

TOPIC 4

AR ageing

1. Current
2. 1–30 days overdue
3. 31–60 days overdue
4. 61+ days overdue

© 2026 Tertiary Infotech Academy Pte Ltd

TOPIC 4

Use ageing to manage credit

1. Validate balances
2. Segment risk
3. Prioritise contact
4. Record action
5. Escalate dispute

© 2026 Tertiary Infotech Academy Pte Ltd

TOPIC 4

AP ageing

1. Protect supplier terms
2. Avoid duplicate payment
3. Plan cash requirements
4. Resolve disputed bills

© 2026 Tertiary Infotech Academy Pte Ltd

TOPIC 4

GST reports

1. GST F5 summary
2. Transactions by box number
3. Account Transactions detail
4. Return preparation view

© 2026 Tertiary Infotech Academy Pte Ltd

TOPIC 4

Report parameters matter

1. Date range and as-of date
2. Cash or accrual basis
3. Tracking categories and filters
4. Comparison period and rounding

© 2026 Tertiary Infotech Academy Pte Ltd

TOPIC 4

Custom reports

1. Define decision
2. Choose base report
3. Set filters/columns
4. Validate totals
5. Save and schedule

© 2026 Tertiary Infotech Academy Pte Ltd

TOPIC 4

Scheduled reports need controls

1. Review recipient access
2. Use an approved cadence
3. Protect confidential attachments
4. Revalidate after chart/config changes

© 2026 Tertiary Infotech Academy Pte Ltd

TOPIC 4

Report validation

1. Reconcile source
2. Check parameters
3. Scan anomalies
4. Trace a sample
5. Document reviewer

© 2026 Tertiary Infotech Academy Pte Ltd

TOPIC 4

SME management pack

1. P&L with prior-period comparison
2. Balance Sheet with key reconciliations
3. AR/AP ageing and cash priorities
4. GST position and exception log

© 2026 Tertiary Infotech Academy Pte Ltd

Topic 4 control checkpoint

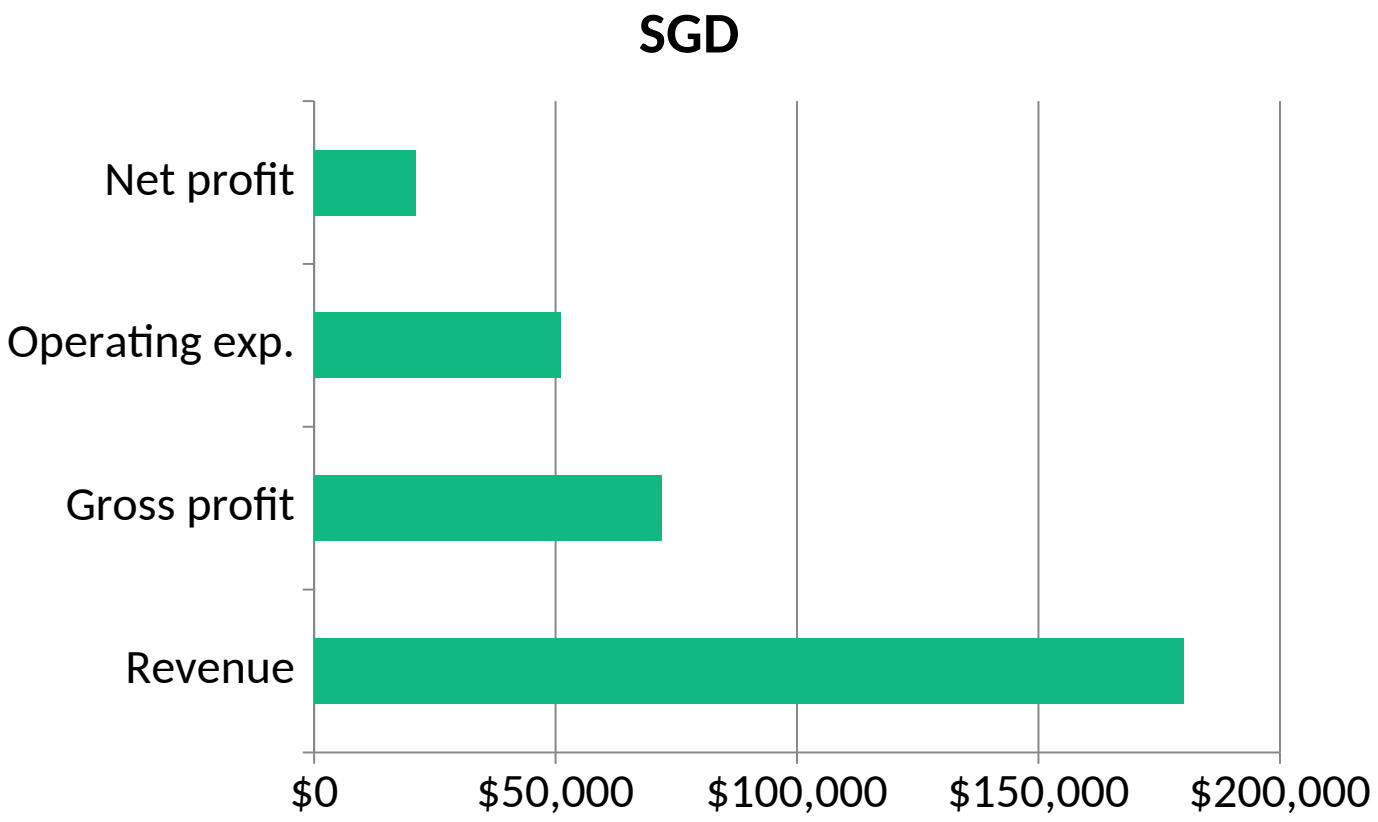

A report is decision-ready only when its source data, parameters and review are evidenced.

Use evidence · preserve audit trail · escalate uncertainty

© 2026 Tertiary Infotech Academy Pte Ltd

EDITABLE NATIVE POWERPOINT CHART

Illustrative Monthly Performance — Jul 2026

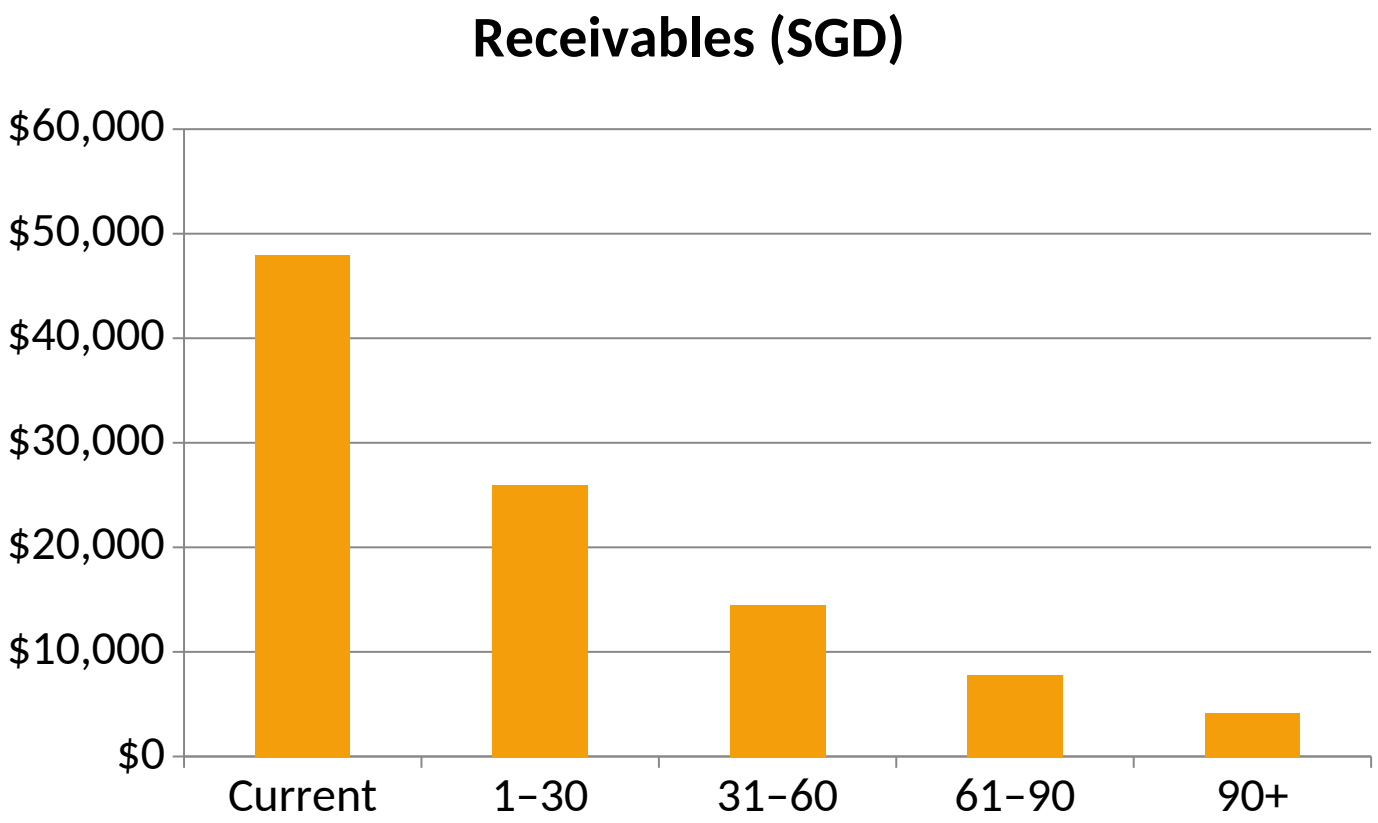

REVIEW QUESTIONS

- What drives gross margin?
- Which expenses are unusual?
- Does profit convert to cash?
- Which action changes the trend?

© 2026 Tertiary Infotech Academy Pte Ltd

EDITABLE NATIVE POWERPOINT CHART

Illustrative AR Ageing — 31 Jul 2026

READ THE SHAPE

- Focus on material overdue balances
- Separate dispute from collection risk
- Assign owner and next action
- Reconcile total to AR control

© 2026 Tertiary Infotech Academy Pte Ltd

ACTIVITY 09 · ADVANCED · A4 · K5

Build and Interpret the SME Reporting Pack

BUSINESS OBJECTIVE

Generate, validate and interpret core financial and ageing reports.

DELIVERABLE

P&L, Balance Sheet, AR/AP ageing and management action summary.

- ✓ Report parameters are consistent
- ✓ Balance Sheet equation holds
- ✓ Control accounts reconcile
- ✓ Insights link to evidence and actions

Detailed procedure and evidence workbook: activities/activity-09-financial-reporting-pack/

© 2026 Tertiary Infotech Academy Pte Ltd

ACTIVITY 10 · ADVANCED · A1 · A2 · A3 · A4 · K1–K5

Capstone: Complete the Month-End Close

BUSINESS OBJECTIVE

Complete a controlled month-end close for Lumina Homeware Pte Ltd and present a decision-ready management brief.

DELIVERABLE

Closed-period checklist, reconciliations, GST review, reporting pack and management brief.

- ✓ All five control accounts reconcile
- ✓ Seeded anomalies are found and resolved
- ✓ GST and reporting packs are supported
- ✓ Management brief contains evidence-backed actions

Detailed procedure and evidence workbook: activities/activity-10-month-end-capstone/

CHECK YOUR UNDERSTANDING

Topic 4 Recap

1. Profit and Loss explains performance over a period; Balance Sheet explains position at a date.
2. Cash flow, profit and working capital answer different management questions.
3. AR/AP ageing turns overdue balances into collection and payment priorities.
4. Report accuracy depends on reconciled source data, correct basis, period, filters and review evidence.
